Von Sue Grafton : C is for Corpse (Kinsey Millhone Alphabet series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised C is for Corpse (Kinsey Millhone Alphabet series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Absolutely Loved It!Von Shannon ByrdI'm reading them in order, and after just finishing 'C' it is my favorite thus far.

The characters are engaging and extremely real, and Grafton really gets a handle on writing about their lives in this one. Her wry humor is never better, and the book speeds by. There's even a subplot which is as enjoyable as the main. Don't miss this if you've been reading the Kinsey Millhone mysteries.0 von 0 Kunden fanden die folgende Rezension hilfreich. A brain-teasing mystery with a great subplotVon Ein Kunde"C" is a good brain-teasing mystery featuring my fave. detective Kinsey Millhone. She is as engaging and resourceful as ever, and not to mention funny. Her attachment and loyalty to Bobby was a great addition since Kinsey doesn't normal feel deeply about her employers. The killer and his motive was also shocking and the ending was very exciting and suspenseful. The subplot involving Henry's girlfriend Lila was, IMO, better than the actual plot. It was humorous to see how Kinsey weaseled her way out of certain situations involving Lila and I loved seeing her and Roise team up. Ms. Grafton if we r reading this I would love to see more of Rosie. Some parts of the book were boring but still worth the time and money.0 von 0 Kunden fanden die folgende Rezension hilfreich. Not As Good As Others But Still GreatVon Ein KundeI have read A,B,C,D and E. So far E was the best one. C has a good plot and story but the ending wasn't as good as most. I pretty much thought that the ending kind of stinked. I'm pretty young (13) and I don't like a lot of books, but with Kinsey's attitude and style she really makes me stick with her stories. It's very hard for me to put her books down and I have a wonderful time reading them. Thanks Sue Grafton!

KurzbeschreibungWinner of the Anthony Award for Best Novel, C is for Corpse is the third in the Kinsey Millhone mystery series by Sue Grafton.My name is Kinsey Millhone. Im a licensed private investigator . . . thirty-two, twice divorced. I like being alone and I suspect that my independence suits me better than it should . . . Kinsey met Bobby Callahan in the gym on Monday morning. His story was hard to credit: a murderous assault by a tailgating car on a lonely rural road, a roadside smash into a canyon 400 feet below, his Porsche a ruin, his best friend dead, and his memory severely impaired. He was convinced someone was trying to kill him. By Thursday, he was dead. But Kinsey wasnt going back on a deal. She had been hired to prevent a murder. Now she was looking for the murderer . . .From Publishers WeeklyThe corpse in private eye Kinsey Millhone's third adventure ("A" Is for Alibi and "B" Is for Burglar is that of Bobby Callahan, a young man she first meets while both are working out in a local gym. Bobby is convinced the car crash he'd been injured in was really an attempt on his life and, fearful of another assault, persuades Kinsey to investigate. A few days later, Bobby is indeed killed, and Kinsey stays on the case. She is befriended by Bobby's wealthy mother, his opportunistic stepfather and druggie, anoretic stepsister. She learns Bobby was having an affair with a friend of his mother's whose first husband had been killed in a suspicious burglary, and whose second is county pathologist. While the almost hard-boiled Kinsey ferrets out the ugly secrets behind Bobby's death, she's also trying to save her elderly landlord from the schemes of the scam-operating senior lady he's smitten with. Kinsey Millhone is nobody's fool; she's also sensitive, funny and very likable. Writing with a light, sure touch, Grafton has produced a fast-moving California story about quirky, believable people.
