**Von Lizzy Ford : Charred Heart (Heart of Fire Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Charred Heart (Heart of Fire Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. who wouldn't want a dragon?Von AnelavaLizzy did it again! She wow-ed my socks off :) With Charred Heart we leave for another paranormal realm. And guys, who needs a vampire if you can have a sizzling dragon-shifter? No one, that's

who. So we have a 1000-year-old dragon-shifter, Chace, who is not a born shifter, but a cursed one- the consequences of a love affair. Now he is tired, lonely and wishes to be nothing else but human. At last he is able to find someone - Mr Nothing, who can perform a ritual and bind his dragon being and magic. Enter Skye, a slayer, to be more specific - a dragon-shifter slayer with her eyes only on Chace. She strongly believes in freeing the earth from the evil beings and murderers - shifters. She also strongly believes in the system, which allows the willing shifters to be rehabilitated and integrated into the human society. Sky is on the mission to capture the last dragon. But as soon as Chace and Sky meet, they cannot resist their mutual attraction. After a very hot and steamy one night stand Sky leaves confused and marked. She tries to resist her changing view of the world, but the strange peaceful behavior of an evil shifter and reoccurring dreams that look more like memories won't allow it. Chace has to face his own challenges: Sky's appearance showed him the existence of hunters, something new and terrifying, since shifters have been dropping like flies. Chace can protect them with his magic, but again his magic makes him what he is - a dragon- and that is soon to be no more. Besides, the attraction to Sky won't go away. After some twists and turns Sky and Chace come back together again and again. Separately and together, they manage to discover some secrets, save lives and uncover the truth and true identities. And have lots of hot, steamy, fantastic sex ;) There are many other characters in this new world but I especially favor Chace's hut, their relationship is hilarious. I loved the characters. Chace is caring and good-natured, strong-willed and rough if necessary. Sky is lovely, with a tough attitude but at the same time a softie, and very confused. Their banter cracked me up all the time. Charred Heart ends, of course, with a cliffhanger (argh), so I can't wait to get my paws on the second book and dive into the shifters-slayers world again.

Kurzbeschreibung BOOK ONE Modern day retelling of "Beauty and the Beast" \*\*\* Recommended for ages 18+ due to multiple, creative, detailed, steamy, sexy-time adult situations. \*\*\* For a thousand years, Chace has searched for a way to break the curse placed on him by a jilted lover. He's a dragon shifter, one who can't control when the magic will force him into a different form. He's already lost everyone he ever cared about a few times over and doesn't know how much longer he's meant to suffer. At his wits end, he makes a deal with a mysterious figure that offers him what he wants most: an end to his misery in exchange for everything that's his: His life, his power. His heart. The next day, he meets Skylar, a modern day dragon slayer whose mission is to cage him or kill him. Sexy, witty and brave, she is the yin to his yang, the woman destined to break the curse, balance his magic and make his broken heart whole. Except it's too late. Not only has he sealed his fate, but an innocent one-night-stand with Skylar has dragged her into the middle of a deal with the devil, one she won't escape, if he can't convince her that dragon shifters aren't her enemies.
