EXCELLENT!Von Ein KundeThis is one of the BEST books that I have ever read! I started to read Dinah McCall

when I found out that she was also one of my Favorite authors, Sharon Sala. Chase The Moon is about a man who out for the blood of the man who murdered his brother. Jake and John Baretta were identical twins, so once John was killed, Jake was able to take his place without the people knowing. (They were investigators in a huge weaon and drug bust). This is one of the best books that I ever read and it is also one of the most moving! 0 von 0 Kunden fanden die folgende Rezension hilfreich. A little disappointed Von Ein Kunde I was a little disappointed with this book. I had just finished reading Sweet Baby by Sharon Sala (who is also Dinah McCall) and loved it so much that I decided I had to read another. This book didn't hold my interest like Sweet Baby did. I couldn't figure out the attraction to these two people and there was no spark between Gracie and Jake. I wouldn't go so far as to say it was bad, but just not as good as I expected. 0 von 0 Kunden fanden die folgende Rezension hilfreich. consistently drawn characters; believable intriguing Von arztinconsistently drawn characterization with a grasp of some current law-enforcement problems. Mix this with sharply aware interpersonal interactions and enough realistic science and psychology, and one can see why this is a book not to be put down . This book joins my entire keeper shelf of Sharon Sala/Dinah McCall books, all of which are equally enthralling.

Kurzbeschreibung Elijah Moon, his sons, his beautiful daughter Gracie and their families are trying to dwell simply in this modern world. Living off the land in rural Kentucky, they adhere closely to the words of the Bible. But there is more going on at their compound than either Elijah or Gracie realises. In fact, a man has been killed for knowing too much. When the victim's twin, Jake Baretta, arrives at the compound to search for his twin's killer, he struggles to keep his heart and attraction to Gracie to himself, and his mind on the job. Everyone knows the first rule of undercover work: Never fall in love with enemy..deDetermined to find the man who shot his twin brother and left him to die, Jake Baretta travels to the New Zion compound in rural Kentucky, where his brother had been working undercover--and where Jake must now work undercover to reveal a killer. One of the sons of New Zion's leader, Elijah Moon, is guilty of murder. But which one? Gracie Moon, Elijah's only daughter, adores her father, but she can't shake the feeling that undercurrents of trouble are roiling beneath the surface at the compound. Nor can Gracie ignore or deny the growing passion between herself and Jake. While Jake works to discover his brother's murderer and expose the crime beneath New Zion's calm, he finds himself falling in love with Gracie. What neither Jake nor Gracie can know is that his cover is about to be blown and when it is, the men involved in gunrunning, prostitution, and subversive activities will threaten both their lives. Chase the Moon has enough twists and turns to baffle the best sleuths and enough depth of emotion to satisfy the most demanding of romance fans. --Lois Faye Dyer.comDetermined to find the man who shot his twin brother and left him to die, Jake Baretta travels to the New Zion compound in rural Kentucky, where his brother had been working undercover--and where Jake must now work undercover to reveal a killer.
