Chasing a wolf indeed, a shape shifter traitor, whose kidnapped shape shifter women in his mad quest to ruleVon Dina BushrodA great addition to the series. Great wrong has been done by a shape shifter traitor. He has taken, and used in a horrendous way, shape shifter women. A great search is begin, and they finally find him, but deaths ensue and he

escapes. I don't do spoilers, just let me say that everything that happens in-between these few lines is filled with discoveries, excitement, passion, tragedy. You have to pick up this emotional read now, and as for myself I'm reading the next book to read how the madman is caught and lost lives avenged. Why no voting buttons? Von Jean Smith When Toms Rivera began his trek into the wilderness to track down a madman he never expected he'd end up on the receiving end of a mountain tribes mating rituals. Nor did he ever envision being happily saddled with a beautiful mate such as Citlani. Now they are in a race to save Lanis mother from the very madman he hunts. Things will get much more dangerous before these two will have a chance at HEA. Chasing a Wolf gives us our first peek at just how deranged a foe they have in Adrian Rossi, a foe that just so happens to be Lanis father. The action and suspense continue to build as the Moonbound series progresses and love is targeting each of our wolves one by one. *****Reviewed for Xtreme Delusions*****

Kurzbeschreibung Vegas pack enforcer, Toms Rivera, will do anything to help the mysterious Citlani find her mother. As the daughter of an unknown mountain pack chief, Toms finds Lani entrancing and irresistible. As a fire erupts between them, igniting passion and desire, they don't realize that the closer they get to locating Lani's mother the closer they are to danger. With a vindictive traitor on their tail, they must battle their enemies while still fighting for what they discovered along the way---each other. COMPLETED SERIES! While each book in the Moonbound series is a complete and satisfying romance arc, there is a larger suspense arc that is revealed in pieces and not fully resolved until the end of the final book. We highly recommend reading the books in order, and starting with Book #1, The Werewolf Cowboy.
