ScoopVon Giovanni GelatiI got way more than I bargained for in this novel. Usually my reads aren't as emotional as this one is. The post for Chasing Sunsets was supposed to have been up last week, but with my laptop getting hit with a bad virus I didn't get to put it up so I am sorry and can only apologize to Revell and Eva Marie Everson. Back to the novel at hand, here is the synopsis: 'Kimberly Tucker's life hasn't turned out the way she thought it would. A divorced mother of two, Kim resents her ex-husband for moving on with his life and living it up while she struggles to understand what went wrong. When her sons end up spending five weeks of summer vacation with their father, Kim's own father suggests a respite in the family vacation home on tiny Cedar Key Island. As Kim revisits her childhood memories and loves, she soon discovers that treasures in life are often buried, and mistakes--both past and present--become redeemable in God's hand. Readers will be swept away to an island retreat where they walk alongside Kim as she discovers that God's answers may not come easily, but they do come. 'I am huge fan of this publisher, huge. I just am blown away at how they can blend modern life and its many foibles and combine that with belief in God and carry off not just a good read but a great read. Props to all from top to bottom! Eva Marie Everson took me on an emotional journey that I really wasn't prepared for. The spectrum of emotions she was able to guide and pull me through left me wiped out at novel's end. This not the same old same old here. My suggestion is that if you haven't had a chance yet to get a read on this novel, go into with eyes, heart and soul wide open; it is much easier that way. The emotional white water of this novel may just sweep you away to places you haven't ventured in quite some time.
