Von Eric Jerome Dickey : Cheaters before purchasing it in order to gage whether or not it would be worth my time, and all praised Cheaters:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. ALL THAT!!!!Von Kindle CustomerEJD has done it again!!! I have been a fan since Sisters and Lovers, and I was glad to see .com feature the book on their top page. I loved it, though the sex scenes were overheated like a pot flowing over, I enjoyed it.Chante was good, but gullible. What ever happened to checking a brother out before he saw your drawers?

Stephan, I liked, but he got what he deserved. His own father fed him some crap, and knowing how he ended up, he still went for it. I loved the stepdaddy, but it seemed, as though even though he didn't like him, he respected him. Jake, I didn't like at all. But I am glad he found his peace with the dreams. It seems as though one has to go through some hard things just to learn a lesson. Karen was trifling, now she needs a book on her. Tammi and Darnell, I loved, though I was like the rest of the characters who told them not to go to the hotel that night. But, they handled themselves like pros. Toyomi, I understand her anger very well, but how long are you going to be a one woman hit squad? This book is the bomb. Oh by the way, check out the two "ladies" in the club. Enjoy!!

This is definitely a love/hate relationship for me. My time is very limited as it is, but when I finally dared to start reading 'Cheaters' it was just like with his other books: I could not put it down, decided to make due with a few hours of sleep just so I could maximize my reading time. The characters in this book are realistic, personable, and there are a lot of Stephans, Chantes....out there among us. Their issues are issues about life many of us face on a daily basis with its ups and downs, expectations, limitations, and exhilarations. I can really relate, and often life is as strange as fiction. I can see myself asking some of the same questions and going through similar situations. It is evident that the author has a keen eye for those around him and the ability to express those observations. Let me not forget the humor. Some real deadpan lines that cracked me up, even when the going got rough for my everyday heroes in Cheaters. I like the slight connection between Cheaters and previous books. Unlike multi-volumes and sequels, where a good portion of the book is used to remind you of the prior works, here one or two sentences connect the characters and that is all that is really necessary. Also, I am a hopeless optimist, is that one of those oxymoronic expressions? , and like an uplifting ending. I wasn't disappointed.

A shame Von Ein Kunde As a recent undergraduate with a BA in Literature AND an African-American female AND aspiring author, it is sad to see that the "bestsellers" in the black communities only seem to be those books, such as this one, which perpetuate the myths that blacks think of nothing but screwing and having a good time. Whatever happened to REAL literature? Here's a suggestion to all of you young "urbanites" who think that work of this caliber--of the men-do-this-women-are-like-that design is real literature: try Toni Morrison or Alice Walker or, heaven forbid--Carter G. Woodson, a man who can AT THE VERY LEAST explain why you appreciate such shallow drivel that is beneath your mode of thinking AND portrays you in a negative light. You don't HAVE to gravitate towards a stereotypical prosaic genre that portrays blacks as oversexed and underlearned. For shame...

Kurzbeschreibung This "hot, sexy, and funny" bestseller (Library Journal) solidifies Eric Jerome Dickey's place as a master of the modern relationship novel. With Cheaters, the bestselling author of Milk in My Coffee rips the covers off the L.A. singles scene--exposing the lovelorn lives, and lowdown lies, of six young professionals...Everyone's talking about CHEATERS... "STEAMY." --Seattle Times "SURPRISING." --USA Today "DELICIOUS." --Washington Post "PROVOCATIVE." --Publishers Weekly "FIRST-RATE." --Los Angeles Times "AMBITIOUS." --Booklist "FRESH." --Kirkus s "HONEST." --Ebony "TERRIFIC." --Philadelphia Inquirer.

de After a brief detour to New York City for Milk in My Coffee, Eric Jerome Dickey returns to Southern California for his fourth multi-track African American love story. The main story is a "he said, she said" affair between Stephan Mitchell, a well-to-do young software designer who's determined not to let any one woman get in the way of his good time, and Chant Marie Ellis, who's decided to start turning the tables on men who try to play her for a fool. From now on, she declares, "A dog gets what a dog gets... dogged." Dickey makes their road to romance extremely rocky; in addition to sorting out their own feelings for each other, both Stephan and Chant have to contend with exes who have just gotten out of their lives. Meanwhile, Stephan's best friend, Darnell, is having problems with his marriage: he wants to be a writer, but his wife insists that he put aside the "hobby" to pay more attention to her. When he meets Chant's friend Tammy, an up-and-coming actress-singer who not only understands Darnell's artistic passion but encourages him, his commitment to marital fidelity is pushed to the limit. As always, Dickey shows that he's on top of the current scene, peppering his characters' lives with the latest in black fashion and culture (if you ever find yourself driving in the Los Angeles area, you'll know exactly what your radio presets should be). Although the ending might be a little too neatly wrapped up, you'll never know before you get there whether the next chapter's going to contain romance, comedy, heartache--or maybe a little of each. Dickey's at the top of his form in Cheaters, establishing yet another credential for his status at the top of the contemporary urban romance heap. --Ron Hogan

Pressestimmen Wonderfully written...more than just a good beach read. Washington Post Book World What gives the book a compelling edge is the characters self-discovery...Thankfully, Dickey goes beyond the men are dogs and women are victims stereotype. USA Today Raw, street-savvy humor. Publishers Weekly As the title suggests, this is a book about dawgs. Not dogs, but d-a-w-g-s. Cheatin, lyin, no good, no-count, dirty lowdown mendawgs and womendawgs You cant read Cheaters without becoming an active participant. You easily find yourself turning a page, shaking your head, and tsk-tsking. Los

Angeles TimesModern dating has become a world in which individuals play games to keep the upper hand. Eric Jerome Dickey explores these mores with verve.USA TodayEach characters voice [is] smooth, unique and genuine.Washington Post Book WorldCheaters not only makes readers examine their own behavior but keeps them laughing while doing so.Library JournalHis storytelling skills are first-rate.Detroit Free Press Wrenching emotionhe draws a tragic, romantic picture of love as both a panacea and a curse, an unavoidably painful pleasure.Durham Herald-SunA generous helping of humor and a distinctly male viewpoint.Atlanta Journal and ConstitutionDickeys fourth novel easily fulfills the expectations created by his earlier work and introduces a fresh sobriety to his talent for dialogue and charactersmoothly done.Kirkus s
