Von Devon McCormack : Cheating Bastard (A Bastards Novella Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cheating Bastard (A Bastards Novella Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Do not purchase, if you search romance and HEAVon Rayanvar3 StarsA surprising and disturbing short story. I'm not sure if it should be read as black humor or grim realism, but it is at any rate a good writing exercise and a rather successful

experiment: it provokes the reader and leaves him churning with dissatisfaction. I guess one could also discover a lot of psychodynamic symbols of social and literature criticism squashed in this short story, but I think that was not the authors main point. I guess he only wanted to write a non-replaceable story. But I have the feeling that the story impresses especially because it pops up in an unexpected / inappropriate place. The story is not bad: it's written properly and succeeds to irk like a sudden toothache on a sunny Sunday. But who does really enjoy a ruined weekend?

Kurzbeschreibung "I will start by saying that I've read everything Devon McCormack has written to date and I've loved them all. However, CHEATING BASTARD quickly jumped to the top as my favorite of his." 5 stars from Cindi "WOW I AM BLOWN AWAY. Devon McCormack left me stunned - he went in such a different direction and it was incredible. Wonderful writing, powerful, painfully ugly." 5 stars from LAXMAMA "I gave this 5 stars because for the type of book it was (ie. Not my typical read) it held my attention the entire way and riled up all my emotions while delivering a story I could not predict." 5 stars from Wade

BOOK DESCRIPTION: He can get away with anything...Anytime, anyplace. Blake never has problems finding tricks, and he's learned that half the fun is in doing it behind his boyfriend Todd's back. But when Todd suggests a threesome to reignite their relationship, the opportunity to bring in one of his regulars and dupe his boyfriend right under his nose is too tantalizing to resist. Todd loves Blake, but after Blake's cancer treatments, it seems nothing Todd does can excite him. For six months, he's waited patiently for his boyfriend's interest to return, but it's clear if he doesn't do something drastic, nothing will change. In a desperate attempt to save their relationship, he suggests a threesome. He expects it to be difficult. He expects to get jealous. What he doesn't expect is to have the hots for their new toy...and for both of them to want Blake out of the picture.

Warning: This story contains violent, brutal, and sadistic situations that some readers might be uncomfortable with. Although Devon McCormack writes romance, this is not a romance and does not contain a happy ending. Look elsewhere for love because here there is only pain, darkness, and sadism.
