I totally loved it.I recommend you read book 1- Protect Me before reading Cherish Me.Book 1 is the story of Ryan Abbi. This story is about Judy Jace. The storyline for this book is fantastic. The twists the author throws at you is brilliant. We get to see a lot more of

Ryan Abbi in this book as wellWow... What can I say. This book is flawless. It's also got two very sexy alpha males in it... Of course you wanna read it:)I HIGHLY recommend you read this story. This author is fantastic I'm looking forward to reading more of her writing.Received in return for an honest review.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful read!Von Ninal was provided with an ARC for Cherish Me inexchange for an honest review. And what can I say? I loved it!This is book two in the Protected Love series and picks up where book one ended with a cliffhanger,which is why I highly recommend to read book one first if you haven't already ;)You just have to love both Jace and Judy who both have been let down as childrenand slowly begin to build a family themselves, including Abbi and Ryan who we met in the first book.In book one Judy was shot and in book two she still suffers from the nightmares that followed- and the threat continues...Oh, yeah, and not forget to mention the sizzling hot scenes between Jace and JudyJennifer creates an intense and enthralling (and partially sizzling hot!) story you don't want to put down.While you receive some answers toexisting questions, book two will leave you with twice as much and you will be impatiently waiting for the third book.
