Von Leigh Greenwood : Chet (The Cowboys) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chet (The Cowboys) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Leigh has managed to do it again!!!Von Ein KundeChet and Melody will capture your heart within the first few chapters of this heart warming tale.Leigh managed once again to captivate the mind by bringing you into the lives of Melody and those she loves most. It is the tale of an average american Family set in the 1800's when Texas was still wild and held

only by those strong enough to fight and keep what is theirs. In this story Melody has just arrived from the East after her father is killed in an unfortunate accident. Melody is immediately caught between being loyal to her step mother by acting the lady, her horror at how men manipulate and control the vast wilderness of the west and her need to save her young brother before he falls over the edge, and is lost between becoming a man and managing his inheritance and still being a boy too young to do so. When she is at the end of her rope and about to give in to marry a man she is sure she would never be happy with along comes Chet. Chet is just stopping by for some friendly Texan hospitality and to trade his horse for one that will allow him to run faster and further from his past. But then Chet did not figure on meeting up with Melody or becoming involved with her family and ranch. Then again we all know who raised Chet and he is the gentleman to the end no matter how he fights his emotions, he could not possibly leave Melody on her own when she doesn't even know one end of the horse from the next. This is a loving and witty book very well written with a lot of action. You do not want to put it down to the end. Would have liked to see more of the entire clan from previous books but that is just me I miss them when the book is at a finish. Keep on writing Leigh and we will keep looking for the next tale in a cowboy's life! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Top caliber writing from a true pro! Von Ein Kunde Chet brings you back into a story that spans years. From the moment we see Chet, it is clear he has grown into a man worthy of a good woman. Melody is truly a perfect match for the hardheaded, hot blooded, gun slinging, attitude toting Chet. This story is filled with conflict, tension, really truly nasty villains you love to hate and even feel sorry for...once in a while. Chet brings us back to the kind of loyalty and love that should exist between two people who belong together. Mr. Greenwood is a master story teller and can pull a reader into the story like no one I know. I'll never survive the wait until the next book comes out. 0 von 0 Kunden fanden die folgende Rezension hilfreich. a great romantic read that touches the heart. Von Ein Kunde the best thing about this wonderful author's work is the attention given to the small details. when describing the scenes the author allows us to feel as though we are there with the characters and eavesdropping on their world. this is the best in his new series since Jake.

Kurzbeschreibung Melody Jordan would rather pack her bags and head back to Virginia than marry a man she doesn't love. But her father is dead and she can't leave her stepmother and two young half-brothers to fend for themselves while rustlers steal their cattle and the nearest rancher tries to steal their ranch. Lantz Royal has made it clear he intends to get the Spring Water Ranch one way or another. Which means Melody either has to marry the man or get ready to put up the fight of her life. Ignoring the advice of her foreman, Melody has been managing the ranch since the death of her father. She is desperate for help, but not desperate enough to hire Chet Attmore, a man with a gun riding on his hip. Chet Attmore is ready to hang up his guns and find a quiet place to settle down where no one knows him. He's only passing through and has no intentions of getting involved in the troubles of the Spring Water Ranch or the pretty young woman who lives there. Chet is not looking for employment; he only wants to trade his tired horse for a fresh one. Chet knows he's a gunfighter first and foremost, and that alone will prevent him from having the only kind of life he ever wanted. But all his good intentions are lost when he gets pulled into the fray. Soon he's in too deep to leave and his heart is hoping for things his mind knows he can never have. s for Chet ... "Leigh writes a taut, well-paced story with admirable heroes and rotten, nasty villains what just I love. Chet is the perfect hero we all want tough, tender, smart. Melody is wonderful, too, ready to listen, willing to say no and mean it, and ready to fight for the ones she loved." Merry Cutler, ANNIE'S BOOK STOP, Sharon, MA "This novel is fast paced action. It is also a wonderful story of love that survives in spite of everything. One moment I was laughing, and the next I would be crying. Leigh Greenwood never fails to deliver a top notch story. Fans everywhere will be thrilled with CHET." Jeanine Birckbichler, Affaire de Coeur Kurzbeschreibung Melody Jordan would rather pack her bags and head back to Virginia than marry a man she doesn't love.
