KurzbeschreibungA mysterious and dangerous conspiracy deepens, threatening the superpowered Rangers and pushing Flex to join forces with one of her team's mortal enemies: a Bane called Chimera. Growing up with blue skin never made Rene "Flex" Duvall feel like an outcast. She learned early on to put people at ease with her wit and exuberant personality. So she's certainly not going to let her facade crack when she and her teammates suddenly face a new breed of genetically manipulated and brainwashed Metas: the well-trained teenage criminals known as the Recombinants. When a desperate battle leaves one of their friends wounded, Renee and Ethan follow a clue to Manhattan Island, where the Banes have been imprisoned. There they find a Bane named Chimera, who refuses to cooperate despite possessing information that could help them stop the Recombinants. Chimera's emotional scars are as devastating as Renee's physical scars, and soon the two find common ground in shared pain. Against her better judgment, Renee forms an alliance with this Bane. They both can gain much from working together, so the only question is who has more to lose by cooperating.
