Hot, romantic and no kids!Von Barks Book NonsenseChristmas Fantasy is the book to read if you're looking for a fun series romance with lots of emphasis on the developing romance (imagine that!) and excellent sensual tension. And, best of all it isn't filled to the brim with kids and/or boring subplots. As far as plots go this one is pretty flimsy but it's a load of fun and worth sticking with. Teddy (the heroine) has made up an imaginary boyfriend to get a lecherous boss off her back and now must find a man to be her pretend boyfriend for her company's Christmas party. The only suitable male that pops to mind is a male stripper she met on her birthday. Austin had decided to retire from the stripping business and is concentrating all of his energies on making his landscaping business a success. But when

Teddy lays out her plans he readily accepts because he'd been unable to get the sexy lady out of his mind. Of course their playacting turns into the real thing and they both fall deeply in love. Austin makes a great hero, he's sensitive and even a bit insecure. Teddy, on the other hand, is almost too confident to warm up to but together they heat up the pages. I found this book nearly impossible to put down.0 von 0 Kunden fanden die folgende Rezension hilfreich. Romantic Times ReviewsVon Janelle DenisonWhen a beautiful graphic designer has to produce a boyfriend for her holiday party, she knows the one and only man who can pull it off is the handsome stripper who posed as a cowboy for her birthday party. Although now "retired" from his exotic profession, he has no qualms about becoming her CHRISTMAS FANTASY, preferably permanently. Janelle Denison treats readers to a wonderful romance full of vivid, sensual imagery, dynamic characters and an emotionally intense story.0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung Austin McBride's business was fulfilling women's fantasies, but he'd never indulged in one of his own. Then he met Teddy Spencer. She was smart, sexy...and terrified of commitment. But she also needed him--to play the role of her lover at the company Christmas party. Austin was willing to take the job...as long as he could convince her to make it a full-time position! AutorenkommentarFantasy for Hire -- What's Your Pleasure?If you could ask Santa to leave the man of your dreams under your Christmas tree, what would he be? A rugged construction worker? A dashing man in uniform? A dapper executive? The possibilities are endless, and very intriguing! Teddy Spencer has always fantasized about a sexy-as-sin cowboy who'd lasso her heart and then ride off into the sunset with her. But she'd never dreamt she'd meet her fantasy man in the flesh -- or have the right to call him hers indefinitely!Austin McBride is in the business of fulfilling women's fantasies. However, he isn't in the habit of personally offering his services to damsels in distress, until sexy Teddy Spencer's proposition makes him decide to give himself an early Christmas gift. Teddy needs a lover . . . and Austin is just the man for the job!I'd love to know what you think of CHRISTMAS FANTASY.
