hilfreich. Enchanting Von Christiane This is one of the most enchanting memoirs I have ever read. In this short book Laurie Lee brings back to life the little village in a remote Cotswolds valley he grew up in. His whole childhood and adolescent world is contained in those few chapters and his writing is so wistful, poetic, humorous and evocative that the reader is transported to a time and place and way of life that are gone forever. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Re read it after listening to an audio version Von peter mimms Reading it is better than listening. First read this at school (it was on our list of reading material for o level, I think). Still a good read and being older I appreciated it more than when I first read it at 15.

Kurzbeschreibung Cider with Rosie is a wonderfully vivid memoir of childhood in a remote Cotswold village, a village before electricity or cars, a timeless place on the verge of change. Growing up amongst the fields and woods and characters of the place, Laurie Lee depicts a world that is both immediate and real and belongs to a now-distant past. Pressestimmen "Utterly captivating" (Four Shires) "A classic of English literature" (Good Book Guide) "[Laurie Lee] froze a moment in time for us. You dont forget the language and he is wonderful at detail" (Michael Morpurgo Daily Express) "Evocative memoir." (RTE Guide) Werbetext A beautifully produced centenary edition of this classic story of an English childhood, with cover and illustrations from Mark Hearld and an introduction from Michael Morpurgo
