Von Moira Rogers : Cipher (Southern Arcana Book #4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cipher (Southern Arcana Book #4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great readVon SusiSunshineIn retrospect it seems I waited for ages to finally get my hands on Kat's and Andrew's story. Both had a constant presence in the previous novels and with every appearance my curiosity about them rose. So yes, I

was giddy and excited when I held Cipher in my hands for the first time. So many obstacles and much heartbreak lays in our pair's past and I wasn't sure how Rogers would finally fix all this. But let me assure you, we get what we waited for. Kat changed a lot since we met her for the first time in Crux. She matured but luckily didn't lose her geek wit on the way. Her life wasn't easy- at all and this whole mess with Andrew still troubles more than she wants to admit. I loved to see the "adult" Kat. She is still so much fun but now that she has at least a bit of control over her abilities she is more confident. Andrew is just wonderful. He is, like most of Roger's alpha heroes a deeply caring person but in contrast to the rest he knows that Kat won't buy his alpha shit. So he sucks it up. That pretty much shocked me. And well it shows how much he really loves her. He acts against his instincts just because he knows that Kat need some control for herself. That so made my heart melt. But well it doesn't mean that he isn't a badass shifter. He knows how to kick ass and nothing can hold him back to protect what he deems his. The love between those two was there from the first time we met them, so in Cipher we actually see how they finally find their way to each other. Tragic incidents, complicated family and pack dramas and more lie in their way and most of those won't just go away and leave them alone. It's a hard way but both are willing to give it a try. In contrast to the previous books I found Cipher to be a bit more focused on the love story. Yes we still have action and mayhem but Kat and Andrew just needed the time and focus they got in this one. As always I loved the sidecast but I would have wished to see more of Alec. *g* Julio and Miguel play a bigger role in Cipher and so far they didn't win my heart as much as the others. But I'm sure Rogers will make me love them too. Cipher is an emotionally intense and fast paced read you won't be able to put down. You will find a wonderful romance that will break your heart and put it back together in the end. For me the Southern Arcana novels are one of the best urban fantasy series out there and I'm still hungering for the next book. Highly recommended. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannende Reihe! Von CA Einmal angefangen, kann ich gar nicht mehr aufhören, diese Bücher zu lesen. Super spannende Reihe, die von Gestaltwandlern, Hexen, Bersinnlich Begabten, aber auch einfachen Menschen handelt, die irgendwie versuchen miteinander umzugehen, sich aber gegen alte und beholte Rangordnungen und Vorurteile zur Wehr zu setzen. Richtig toll!

Kurzbeschreibung LIMITED TIME SALE: Download book #1 for free complete the series for 99 cents each! Save over \$18! amzn.to/2sJ64zw Southern Arcana book #4 Kat Gabriel's empathic ability is no gift--it's a deadly weapon. She's used it once, in a bloody confrontation to save Andrew Callaghan's life. Now she bears the inescapable weight of those deaths--and aches for the loss of the easy relationship she once shared with Andrew. Unleashing her power may have saved his life, but it couldn't save his humanity. Or their friendship. Since the attack that turned him into a werewolf, Andrew's sole focus has been on making himself stronger. Pushing Kat away hurt like hell, but she doesn't need a friend. She needs a protector strong enough to shield her from the supernatural world that forced her to kill. Strong enough to resist their volatile connection. As Kat's quest to understand the violent legacy of her past leads her into the darkest underbelly of the psychic world, Andrew is at her side. Yet every step forward rips open old emotional wounds and shakes his control. Where they're headed, distractions of any kind can be fatal--especially when the greatest threat they pose is to each other.
