Buchumsetzung des besten RE-Spiels auf der PSX Von Ein Kunde Da die Story des Playstationspiels Resident Evil 2 die umfangreichste und spannendste bis heute ist, bietet sich dafr auch am ehesten eine Romanumsetzung an. Die Verknpfung der zeitlich parallel laufenden Erlebnisse des jungen Polizeioffiziers Leon S. Kennedy und der jungen Studentin Claire Redfield die nichtsahnend nach Raccoon City kommen um eine Heimstatt des Todes zu entdecken, die umherwandelnden Toten, die fiesen Mutationen des G-Virus, der wahnsinnige Polizeiprsident machen sowohl das Spiel als auch das Buch zu einem Muss nicht nur fr RE-Fans als auch fr Fans von Zombie- und Splatterfilmen. Hier wren im Vergleich zu den anderen RE-Bchern sogar 6 Sterne angebracht. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolutely gripping! Von Ein Kunde When I started reading this book, I just couldn't imagine there could be anything more gripping about Umbrella than the first two books of the RE-universe. Well, I was proved wrong. The story is really, really evil - and I wasn't able to put the book away for a minute... Some of the unforeseen changes made me cry, made me scream... Well, but telling anything would not do the story any good, so I'll better stop here. Just so much; The charcters are no real heros: They fear the evil, they make mistakes, they don't realise some of the things going on around them. Claire and Leon, they are so much like everyone else that you just don't know who they can possibly survive... And I really loved the developement they make throughout this story. They aren't just "shoot and go"-charcters, and that's what makes this story so vivid and lively. Another thing really great: The story is not only told from the viewpoint of the two main characters. You get every detail - sometimes even more than you wanna know! The "bad guys" just don't seem so black anymore, they turn a dark shade of grey... Or pitchblack? Discover for yourself... An absolutely fascinating book you should really read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The best BOOK i have read in my WHOLE LIFE!!!! Von Ein Kunde Resident Evil City of the Dead This is the best book that I have read in my whole life. I recommend this book to everyone who has either played the game or likes horror books. Leon Kennedy is a rookie cop. He lives for the need to protect, serve, and help the innocent. While reckless Leon is highly skilled and quilified enough to serve as a cop for the Raccoon Police Department. Claire Redfield is a light-hearted modern women. She can be a bit Tomboy at times and she is somewhat wild. Self-confident, she is the first person to try something many others would not. This book is about a secret company called Umbrella. They have created a virus called the T-Virus and it turns anybody and anything into flesh-eating monsters if taken. As with every book there is a theme to the book I think that the author's theme to this story is that good will always win. Well at least in a video game. This book has so much detail that you can get a detailed picture of the book in your head. If you enjoy horror books, or suspense then read this book. Also play the game it is the best game for Playstation and the best game out of all systems.
