Claimed by Ice...Von Mic...another Dragon book, but I liked it , it was kind of different.I have to say...I'm a fan of dragon alpha males and their stories.And this book was a great fast read, that I enjoyed a lot.Maybe it was a bit too fast for my taste, but the story was nice.For once it was nice that the dragons did not have to hide.They were part of society, even when they had their hands almost in all the significant parts of the world.Also an interesting point was the fact, that dragons

employed humans for their doing. The part of the main figures was nice and sizzling, even when it lacked a certain amount of depth to the story, it was fun to read

Kurzbeschreibung Jane Graves is in trouble. If she doesn't come up with a hundred thousand dollars, the person she loves most will have to deal with the consequences. It's hopeless. Or so she thinks until ice dragon Exander Vale enters the picture. Exander thought he was content, but one look at Jane sparks feelings he's never had before. He's curious, intrigued by the human but determined to keep his distance. But with each day, the call of her brave, giving spirit and her enticingly curvy body grows stronger. Exander fights to deny their bond, but danger lurks, and if he doesn't protect the woman he now knows is his mate, he might lose her forever.
