KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. BIG, BLUE and VERY HOTVon RobynWOW! This is a great introduction to an amazing series! Prince Aster is one blue hottie! Aster never thought true mates could happen to him, let alone a human and Fremmian. Aster never met a more opinionated, strong willed, honest and curvaceous human like Evie. I adore Evie. Evie is a strong heroine, a nonsense woman with a knack for cooking; her specialty is Fremmian cuisine. Aster is captivated by Evie and she poses a big challenge for this prince. I love the passion, love and interaction that play out between Aster and Evie. The details of the story are wonderful well throughout. Nancey Cummings does a great job of setting the stage and establishing background foundation for more stories in the series. I cannot wait to see what happens once these two leave the space ship???

KurzbeschreibungPrince Aster didn't believe in "mates" or other bedtime stories...until he sensed Evie's curious scent. The curvy human woman with curly brown hair and caramel skin is nothing like he expected -- but someone unique and strange. This alpha alien must claim her and take her in every way.Evie can't deny her attraction to the big blue alien 'man', or their chemistry -- but his mate? Can she leave everyone and everything behind for this towering, muscular stranger from another world? His sky blue skin glows where they touch and it excites her in a passionate new way. Does she have a choice -- or is it her destiny?This is a first part in a fated mates serial. No cliffhanger. Guaranteed happy ending.KurzbeschreibungPrince Aster didn't believe in "mates" or other bedtime stories...until he sensed Evie's curious scent.
