Chase them at arms reach until they catch you...Von Jean SmithGood lord, I really love SyFy Romance. Who can resist bigger than life, technologically advanced aliens with a barbarian warrior superiority? Not me. Karryl KVass is the epitome of just such. Hes big and absolutely swoon-worthy even for a no nonsense, kick ass marine officer. Major Jane Allen has been doing everything she can to avoid falling for the big brute. Her only saving grace from being claimed is her pending divorce. If it werent for the fact that she hasnt signed the papers yet, the claiming would be a done deal. To top that off her damned superiors have ordered her to spy on the aliens. Janes no spy. Shes a soldier through and through.Karryl has wanted Jane since he first realized the petite warrior holding the lines at the space station they took was a female. She is nothing like the female he imagined he would mate, but she is everything he wants. Jane is bold, brash and not at all afraid to get right in his face. God, he loves her fiery demeanor. The only problem all indications point to Jane spying for the Terrans a severely punishable offense. Its going to take every wily manipulative move he can make to outwit her at her own game and win her in the end.Claiming Her Alien Warrior is a fantastic short read. Im looking forward to catching up to the others in the series that I havent read yet. If youre like me and like rugged, take charge, alpha males and the powerhouse females they claim as their own, then youre going to really like this one. Karryl and Jane fit the bill to the T.\*\*\*\*\*Reviewed for Xtreme Delusions\*\*\*\*\*

KurzbeschreibungIn a race against the clock, she must betray his trust to achieve her mission But fooling an alien warrior comes with a price.No longer a captive but a guest of the alien warrior race, the Lathar, Jane Allen hasnt forgotten what she is: a hard as nails marine major. Tasked with finding a way to beat the technologically advanced aliens, she needs to find answers for her superiors before they arm the nukes and give the Lathar an excuse for war. Because the little green men arent so little. Or green theyre large, ripped, scarily-attractive alpha male warriors hot enough to make any red-blooded woman weak at the knees. Especially one particular alien warrior with black hair and a sexy growl she cant resistShes his she just doesnt know it yet.Karryl KVass has wanted the human woman, Jane, from the moment he saw her. But shes a tricky one, evading his claim even though he knows she desires him. His campaign for her heart is stalled when duty calls him away; a mission into a dangerous part of space to gather intelligence on the Empires enemies. A beautiful stowaway is the last thing he needs, even if she does make his body burn. Hell finish his mission and get her back to the safety of Lathar Prime Then maybe he can claim her as his mate.But no plan survives contact with the enemy.
