Von Loretta Lost : Clarity 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Clarity 2:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. It can't get much better...Von LittleDarlingClarity 2 is the sequel to Clarity, which ended with a breath-taking and mind-numbing cliffhanger.Clarity 2 picks up where the first book left off and throws the reader into the turmoil and despair that Helen is experiencing. Her life seemed to allow her some goodness and beauty, just so it all could be consumed by

darkness yet again. And with everything that she is confronted with, there is enough darkness to go around. Her life is turned into a living nightmare and not for the first time - but this time it isn't just her safety that she fears for. It'd be easy for Helen to just give up and run back to her solitary life. There are moments when this is all she wants to do. But she always finds the strength to carry on - the strength that is buried within herself. Sometimes it is the fighter within her that coaxes the strength out of the deepest parts of her soul. Other times she needs a bit help from Liam - a gentle push in the right direction. And it is her trust in Liam that allows her to accept his guidance. Just like in the first book, I found her character nothing short of amazing, strong and admirable. Her ability to smile despite all the darkness and her willingness to dare to live a new life despite her long seclusion and the evil that lurks nearby earned my deepest respect. And so did Liam. This guy truly proves himself to be the definition of a good guy. He doesn't treat Helen like a child or like she's inferior because of her disability. Yet, he knows to give her the right support concerning the horrors of her past and her different needs because of her blindness. His creativity and deep understanding of her personality allow him to find the right ways in order to help her to keep going and to not give up. He knows how to push her just enough without asking too much of her. He believes in her more than she believes in herself and he has no qualms about letting her know that. He isn't hesitant to show his growing feelings for her and God, is he sweet and sexy doing so. It's impossible not to crush on him. They manage to get close and to acknowledge their growing attraction to each other. Even though they have known each other for a short time, there is no denying that they are meant for each other. Just as their lives seem to be turning towards happiness, the darkness threatens to ruin everything yet again. This book is amazing. Again, the lack of visual descriptions is refreshing and allows to focus more on the emotions. This enabled me to fully live in the story. Live in it so much, that the cliffhanger at the end nearly broke me into pieces. 5+ fighting-against-the-darkness stars.

Kurzbeschreibung When violent memories come racing back, he is her only hope...Helen Winters was living a lonely existence when the charming Dr. Liam Larson coaxed her out of solitude with the promise of healing her sightless eyes. She was hopeful at the prospect of gaining vision for the first time and being reunited with her family. She was also growing somewhat fond of the persuasive young doctor. For the first time in years, she was being magnetically drawn to a new friend...Then everything came crashing down. Plunged into a hellish nightmare, Helen is forced to face the same evils she ran away to escape so long ago. She is unprepared to have her hopes crushed and her peace destroyed. She finds herself living in constant terror and drowning in fear--and Liam's voice is the only thing that can keep her afloat. His comforting touch becomes the only light in her pitch-black darkness. Helen has always been a tough girl who relied only on herself. But this time, she can't survive alone. Due to the horrors of her past, Helen has promised herself not to trust anyone. When her life becomes unbearable, how can she trust Liam enough to let him save her?*****This is the second book of a series.*****Kurzbeschreibung When violent memories come racing back, he is her only hope...Helen Winters was living a lonely existence when the charming Dr. Liam Larson coaxed her out of solitude with the promise of healing her sightless eyes.
