Von Loretta Lost : Clarity 4: After the Storm (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Clarity 4: After the Storm (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Perfect conclusionVon LittleDarlingBefore I started reading "Clarity 4", I was worried. For me, "Clarity 3" had such a strong ending that I didn't see how another installment in the series wouldn't weaken that. But I was wrong, so damn wrong."Clarity 4" not only offered more closure, but allowed me to understand some characters and their motivation better.It was less action driven and more focused on the characters and with that gave me the opportunity to fall in love

with them some more. Helen was quite a surprise. Having lost the memory of the past three years after she crashed her car, she isn't the young woman haunted by a tragic past anymore. Instead, she has the fire and the spark she used to have before everything fell apart. It was so different to get to know her without that edge of bitterness and cynicism that she carried with her ever since evil and darkness stepped into her life. She is opinionated, stubborn and strong-willed, not letting anyone put pressure on her. She has a wild and uninhibited streak that allows her to jump feet first into a new situation. But she's still also very sweet and caring, thoughtful and considerate. And even though she doesn't remember him, she's smitten with Liam. But unlike the Helen we met in the past three books, she doesn't trust him blindly (no pun intended) and notices that he's hiding things. She stands up for herself and demands to be let in, while still being capable of forgiving him. And there is quite a bit of forgiving to be done for the things that Liam did and kept from her. He's not the white knight in shining armor that we met in the previous installments. There are some dark spots on that armor of his and it takes most of this book to find out what demons he's haunted by. But this doesn't make him any less appealing. Quite the opposite is the case. It adds a few layers to his personality, making him more multidimensional, less perfect and more real. It makes it easier to forgive the lying or the pushing he does with Helen and in the end you'll just want to try and cheer him up and give him a hug to ease the pain he has always carried with him. I really enjoyed seeing he had a darker, less shiny and polished side. A lot of the things we only got glimpses of in the "Clarity" spin-off, the "End of Eternity" series, are now explained and allow for a full picture. The story was great and the plot kept me hooked all the way through. Sure, there was a scene or two that wasn't the most realistic, but that's the good thing about fiction - it doesn't have to be. One more thing that I loved about this story was David, only a supporting character, he was so perfectly broken, cynical and sweet. I wish there'd be a book or even a series about him. "Clarity 4" was the perfect conclusion to an amazing series. 5 it's hard-to-say-goodbye stars.

Kurzbeschreibung He will do anything to make amends... But how can she forgive him when she can't even remember him? Liam did not realize how serious Winter's injuries were after her accident. He was beside himself with grief when she fell unconscious and wouldn't wake up. After a minor coma, Winter finally wakes up to a world she can partially see-- and she has no clue why. She does not remember her eye surgery, and she has no idea who Liam is. In fact, she does not remember the last three years of her life. She even insists on being called Helen. Liam feels lucky that Helen doesn't remember his recently exposed lies-- he feels like he has been given a second chance to make things right. But without her memories of the horrible things that happened to her, Helen seems like a different person and Liam finds himself struggling to connect with her. Can he cope with the guilt of the harm that he's caused her? And can he make a headstrong and carefree Helen fall in love with him all over again?
