Von RiinaI totally adore this series, Cooper and Thomas They're both very loveable men and they're so good for each other. I love how Thomas finally, slowly but truly finds his way, finds himself. It's a gift to have found someone that does that to you. I love how Cooper is insanely cocky, absolutely adorable, sassy and incredibly mature at the same time."...every design has a clarity of lines. Lines that bound it, that define it, that make it lines that sometimes other people can't see.... sometimes the lines seemed undefined, but they aren't blurred at all. Sometimes they are crystal clear."
