Every time I think she can't get better after I finish one of her amazing books, she releases a new one and blows me away. She's one of my all time favorite authors.Classic is her newest novel in a series. It follows Merrick (loved that name btw) and Jovi and their lives and how they fell in love. Their love story kind of reminds me to Romeo and Juliet's story.

(Yep, its kind of forbidden and tragic). Merrick is the youngest out of five boys and a not so unpopular street racer. He has money, girls, brothers who love him, a loyal best friend and a very chaotic cousin (loved him!). He basically has everything a boy at 23 could want, right? Well, he isn't happy with his lifestyle and he wants something more, so when he meets Jovi he literally falls in love with her and it's soooo sweet. The way he treats her and the way they have a deep connection (just not their love for Van Gogh, but everything else too) is so amazing. The fact that her father is a commissioner doesn't scare him away (although it should). He wants her, he loves her and he needs her. That's all that matters to him. You just have to read this amazing novel. I loved everything about it. And I want a Merrick now. lol. The story ends with a very mean cliffhanger, so just be warned. But the author is already writing the second one, so I hope we don't have to wait too long for the next one. This was a 5 star read for me. And I already read it 3 times this past 2 weeks, because it was so amazing haha.

Kurzbeschreibung Boy meets girl. Girl meets boy. They fall in love and live happily ever after, right? That is unless boy is a criminal and girl is the daughter of the man trying to catch him. With circumstances this unforgiving, is there anyway their love story will have an ending that we've come to know as classic? \*Warning: Cliffhanger. This is the first in the series\*
