must read not only for the fans of the Mrs. Murphy series
Von Ein Kunde Although I'm from Germany, I always read the Rita Mae and Sneaky Pie Brown books in the original version. And like with the others, I enjoyed this one very much because it is full of suspense and has also a lot of humor. We also learn more about Harry's character, the "inner circle" of Crozet and, back to the roots, the animals help solving the mystery but are not riding cars anymore. So find out by yourself who the murderer around the hospital is and most important: why? for love, for money or for? Have fun with this one as much as I had. I'm looking forward for the next Mrs. Murphy!

Von Ein Kunde spannend, familir, offen.... man fhlt sich gleich als mitbewohner der kleinen stadt und in den kreis der hauptdarsteller miteinbezogen.und damit es einem nicht langweilig wird... gibt es noch morde zu lsen... es handelt sich um einen "freundlichen Krimi"
6 von 8 Kunden fanden die folgende Rezension hilfreich. I feel at home in Crozet
Von Ein Kunde I guess it's obvious that the crime itself is the least important thing in the Sneaky Pie series...what's so charming about it are the characters: human or animal..and whenever there's a new book to be read, I feel at home...

Kurzbeschreibung
CLAWS AND EFFECT
Winter puts tiny Crozet, Virginia, in a deep freeze and everyone seems to be suffering from the winter blahs, including postmistress Mary Minor Harry Haristeen. So all are ripe for the juicy gossip coming out of Crozet Hospital until the main source of that gossip turns up dead. Its not like Harry to resist a mystery, and she soon finds the hospital a hotbed of ego, jealousy, and illicit love. But its tiger cat Mrs. Murphy, roaming the netherworld of Crozet Hospital, who sniffs out a secret that dates back to the Underground Railroad. Then Harry is attacked and a doctor is executed in cold blood. Soon only a quick-witted cat and her animal pals feline Pewter and corgi Tee Tucker stand between Harry and a coldly calculating killer with a prescription for murder. From the Paperback edition..de
In a small town, everyone knows each other's secrets--or do they? When a Crozet Hospital staff member is found murdered in the boiler room, everyone in the bucolic Virginia burg is puzzled and none more so than postmistress "Harry" Haristeen. With the help of her two curious kitties, Mrs. Murphy and Pewter, and her corgi, Tucker (who find human perception maddeningly slow), Harry soon finds herself entangled in the strange web of misdoings at the hospital. The ninth installment in Rita Mae Brown's "Mrs. Murphy" series, Claws and Effect is more entertaining than suspenseful, with a liberal dose of witty conversations among the animals punctuated by Itoko Maeno's adorable illustrations of the four-legged sleuths. There is just enough misdirection to keep mystery buffs guessing and enough social gossip among the town's human citizens to make readers eagerly anticipate their next visit to Crozet. --Larisa Lomackey Moore.com
