Von Madelon Smid : Climbing High (Daring Heights Book 1) (English Edition) before purchasing it in order to
gauge whether or not it would be worth my time, and all praised Climbing High (Daring Heights Book 1) (English

Edition):

Kurzbeschreibung Billionaire Jake Ingles is the media's golden boy. The cameras love his fabulous face and form, his high-powered business deals, and daring adventures. On a mountain in France, Jake saves the one incomparable woman he'll love for the rest of his life, but his fame places her beyond his reach. Siree McConnell, forensic accountant, chooses to live anonymously to avoid the press that caused her father's death. She refuses to tangle with the gorgeous male if it means stepping back into the spotlight, until he needs her help. Once she uncovers the thieves threatening Jake's conglomerate, she gives in to her longing to find ecstasy in his arms. But the cost of being with him is exposure to the media and an enemy that tears them apart. Now she has a new rescue mission: their relationship. For he will do anything to keep her safe, even walk away. It's up to her to show him their love is worth any risk. This is a new release of a previously published edition.

ber den Autor Madelon Smid is nature's child and happiest when she's kayaking a river or skiing down a mountain. Her characters share her love of adventure, risk and living fully. An avid reader, she discovered the romance novel at fourteen, then found writing them even more satisfying and sold her first romance in 1991. She parted ways with her first love - romance, to build a successful career as a nonfiction writer, co-authoring the Canadian Best Sellers *Smart Women* and *Smart Women Get Smarter*. The desire to spin fantasy into gold for her readers drew her back. She lives with her husband by a lake in Saskatchewan, where she writes about the strength and passion women and men demonstrate when they conquer the trials of life and love.
