KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Couldn't lay it out of my handsVon Katzenjammer123reviewAnother fanatstic book by Lucy Monroe that makes me excited for more.Roman Chernichenko is an assassin for a black-ops group and his next job is going to change everything. He and

his team are ordered to take out a person involved in espionage who's cover is working as a medical relief worker in Africa. What sounds like a straightforward job gets complicated when Roman realizes that he knows his target. He met Tanya Ruston at the wedding of his sister who's married to Tanya's brother. He doesn't know a lot about Tanya besides that there is some serious attraction between them. When he and his team members realize that she may be innocent the plan has to be changed and making sure that Tanya stays safe is his new priority. Especially because this hard and cynic soldier feels more deeply for Tanya than he ever did before. Meanwhile agent Bennet Vincent (member of the Goddard Project) is also in Africa to discover who's selling stolen US military technology. When meeting Roman and his group he knows instantly that they are no normal soldiers and that something serious is going on. He's also convinced that Tanya is innocent and will do everything to protect her and he will also do everything to convince Dr. Fleur Andikan, Tanya's boss, that she is his soul mate. From beginning to end I pretty much enjoyed everything about this book. I liked the setting in Africa and especially the strong characters. They were likable, believable and I wanted to know more about them. I enjoyed the two love stories between Roman Tanya and Ben Fleur a lot. The first one was thrilling, sexy and even a bit kinky, the second one was extremely sweet and heart-breakingly beautiful. I also enjoyed how Africa and the relief work was portrayed. On the one hand you have this beautiful country and people who care for the humans in it and on the other hand you have people only looking for power and money. Especially Fleur's past made a deep impression on me and I was so excited that she found happiness. I enjoyed reading about Roman's team members and can't wait to learn more about them in upcoming books. Furthermore I enjoyed that at the end of the book there was no big showdown in which half of a country was destroyed. The way Lucy Monroe wrote the end of the book felt more real and fitting than any James Bond like final will ever be. cover The cover is ok and nice. final appraisal Lucy Monroe once again wrote a beautiful book full of action, friendship and love. I especially enjoyed that for her there are no boundaries when it comes to love. I adored the two love stories which are sexy, cute and just beautiful. Her books don't need an over the top showdown to be thrilling and interesting. The Goddard Project series 1. Satisfaction guaranteed 2. Deal with this 3. The spy who wants me 4. Watch over me 5. Kurzbeschreibung Opposites Attract. If They Don't Combust First. To some, he is an assassin. To others, he's merely the man who gets the job done when no one else can. Now politico-military black-ops leader Roman Chernichenko has to take out the leak in an espionage plot that could destabilize all of Africa. Nothing will distract him from his mission. Not even the deliciously appealing blonde who's awoken his deepest desires--and just happens to be his target. . Tanya Ruston is a beautiful and brainy do-gooder--and Roman is supposed to dispose of her when all he really wants is to seduce her. Soon it's clear Tanya's no information agent--and now that his conscience has gotten the better of him, he and Tanya are on the run from the good guys and the bad.
