Von Tirza Schaefer : Cloud Nine (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cloud Nine (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Cloud Nine Von Kain This is the last of Tirza Schaefer's erotic books I have read. As you can see, the author hasnt become boring to me and I am impatiently awaiting new publications not only in this genre! Cloud Nine is the story of a

rockstar falling in love against his will with a girl who turns his life and all career choices he's previously made upside down. It is a great example that you shouldn't judge a book by its cover, too! We are all too eager to jump to conclusions, judge (mostly too harshly) and condemn our fellow human beings without bothering to look more deeply. When we do, however, we discover the beauty in so many people's characters which we would have missed at first sight. This book starts with such an error of judgement, goes on to a sizzling scene high up in the sky and even with a down-to-earth view overcomes obstacles and preconceived ideas to blossom into something greater, something beautiful that would not have been discovered without an open heart and mind. This story is as hot and entertaining as it conveys a deeper wisdom without lifting a finger into your face in order to do so. It is more that the characters and narrative speak for themselves and through their experience open up new ways of thinking and perception in the reader that come as surprising as they come naturally and gently. Suffice it to say, I have become a great fan of Tirza Schaefer's and am looking forward to read a lot more of her in the future! I love the way she masters the art of engaging storytelling with covertly conveying teachings of love and humanity through her books not only in her erotica! I am definitely seeing her rise to set a new standard of writing: not only outside the box, but to a perception that goes well beyond any concept of boxes. Her work has certainly touched me on so many levels and I am eagerly awaiting more to come from this awe-inspiring woman!
