Von Luanne Rice : Cloud Nine before purchasing it in order to gage whether or not it would be worth my time, and all praised Cloud Nine:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Cloud 9 will really get you to the seventh heavenVon Sisilia Kinanti GitomartoyoIf you haven't read this book, I suggest STRONGLY taht you should. This book is about life, how people react when facing death in such a close quarters,

also how love can really change your view on living. The main character, Sarah, is an extraordinary example of how people struggle to be free of Death's grasp, finds love, and when Death strikes again, she realizes that she no longer can defy it, so she embrace it willingly and to the people around her, the people she loves and loves her, she gives them a lesson that death doesn't mean you're gone from their life, it's just in a different form. Hint: It's a tearjerker (very much), so I suggest you'd better prepare a box of Kleenex near you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The temptation of the superb Cloud Nine is love conquers all Von Ein Kunde Sarah Talbot does not expect to see her next birthday as she is dying from a brain tumor. However, miracles still occur and the thirty-six year old single mother totally recovers her health. Sarah reopens up her mail order business CLOUD NINE. This Sarah is a different person from the one she was before she faced death's door. Her optimism and zeal for life begins to impact the townsfolk of Fort Cromwell, New York. Included in her widening circle are troubled teen Susan Burke and her guilt-laden father Will. As Will and Sarah begin to forge a relationship, they also reach out to their estranged children and other family members. Readers who peruse a Luanne Rice novel will believe in the power of love to surmount almost any obstacle to a healthy relationship. Her newest novel, CLOUD NINE, will leave fans feeling sad yet good because the audience will adopt the characters who put a little love in their hearts, an emotion which can heal the most recalcitrant family. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Definitely not a keeper! Von Ein Kunde When Rice's "Angels All Over Town" first came out, I rejoiced. Here was a smart, funny, quirky writer who could skillfully blend elements of romantic comedy, melodrama and, yes, even a ghost story. Where did that Luanne Rice go? "Crazy in Love" retained that sense of quirkiness, but it's been downhill ever since. Her books are growing less sophisticated and more obviously designed for the mass-market romance crowd. She's capable of more. I've bought every one of her books in hardcover, praying for that sense of oddball magic, but with this mess, my loyalty has finally reached an end. Oh... the two stars are for the portrayal of the teen girl, who manages to struggle out from beneath the syrup to engage the reader's attention just long enough to finish the book. As for the rest of it... bleah.

Kurzbeschreibung What would you do with a second chance at life? Sarah Talbot thought shed never see another birthday. But against all odds, she beat the illness that could have killed her, reopened her bedding shop, Cloud Nine, and vowed to make the most of a fresh start that few are given. With Thanksgiving approaching, Sarah charts a small plane to take her to Elk Island, a remote spot off the rugged Maine coast where she spent some of her happiest days and where she hopes to reunite with the two most important people in her life. She arrives on the island with pilot Will Burke, a kindred spirit with whom Sarah forges a bond that will give them the courage to confront the past and have faith in the future no matter how uncertain. Once Sarah thought happy endings occurred only in books; now she believes they can happen for anyone. And as she and Will grow closer, and something unexpectedly real blossoms between them, she has him believing it, too. But is believing it enough? Is even love enough? Can real life be lived on cloud nine? In this stunning novel, New York Times bestselling author Luanne Rice tells a story you will cherish, peopled with indelible characters whose challenges are your own. From the Paperback edition. .de Thirty-seven-year-old Sarah Talbot's lengthy battle with cancer forced her to put life on hold. But a clean bill of health has given her a second chance and she's not about to take anything for granted. Intent on living life to the fullest, Sarah reopens her bedding shop, aptly named Cloud 9, and plans a trip to Elk Island, a tiny island off the coast of Maine, where her unfeeling father and runaway son wait. Family reconciliation has long been her heart's desire, and Sarah knows that now is the time to mend familial fences. On the short plane ride to the island, she finds an unexpected confidant in pilot Will Burke, whose own personal demons make him the perfect conversation partner--and so much more. As Sarah struggles to communicate with the father she left behind and a son troubled by his own father's death--and his mother's illness--she takes refuge in the arms of Will and discovers a love she never thought possible, a love that will sustain the two in this life and beyond. Both beautifully written and well plotted, Cloud Nine is a moving testament to the eternal power of love. .com Thirty-seven-year-old Sarah Talbot's lengthy battle with cancer forced her to put life on hold.
