Ein Feuerwerk der FantasieVon MerleFortsetzung der Fantasy-Trilogie, spannend und erzählerisch dicht.Cat befindet sich nach wie vor mit ihrem aus der Geistwelt stammenden Halbbruder Rory auf der Flucht vor dem Chef des Magierhaus Four Moon, der sie umbringen will, damit sein untergebener Magier, ihr magischer Ehemann, Andevai ihre

hellsehende Cousine Beatrice heiraten kann. Gejagt wird sie jetzt auch vom Prinzen von Tarrant, dem Herrscher von Adurnam, der sich mit den Magiern verbündet hat, um die drohende Rebellion zu unterdrücken. Sie lernt General Camjiata kennen, in dessen Armee ihre Mutter als Soldatin gedient hat, ehe sie wegen Hochverrats weil sie schwanger war- zum Tod verurteilt wurde. Bevor Cat gefasst werden kann, wird sie in die Geistwelt gesogen, wo sie ihren mächtigen biologischen Vater kennenlernt. Und ausserdem passiert einiges mehr, die Reise geht auf den Antillen weiter. Die Story ist gut, usserst fantasiereich, faszinierend und unterhält. Sehr empfehlenswert 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great story, poor quality of maps in Kindle edition Von joachim_I liked the story a lot. This is the second book in a trilogy and brings you more details about the world in general and specifically Catherine's background. The story takes you across the sea to another culture where fire mages play an important role. About the characters I liked that they very often are able to talk themselves out of dangerous situations and try to avoid violence. So the story gets five stars, but I am very disappointed about the quality of the maps in front of the book. You can't read a thing on the map due to low resolution and contrast. Given that lots of travelling happens and even the author says that maps are a great inspiration to her, this really takes away much fun. I have found that you can zoom into a map or picture by double tapping on a Kindle paperwhite but this doesn't help because the resolution is too low. So all together is four stars.

Kurzbeschreibung Cat and her cousin are key players in a drama of dragons and politics. Everyone wants something from them - including the warlord who's conquering all Europa and the Cold Mages who dare defy him. But the Master of the Wild Hunt is most dangerous of all. He will command Cat's loyalty using what she holds most dear. In a world where science and magic are at war, one girl must save those she loves, or lose everything.
