book in the Sazi series Von Helen Hancox I've read quite a few books in Adams/Clamp's Sazi series but upon commencing this book it became clear to me that I hadn't read at least one of them before this one... the story of Tony Giodone. This story follows on in Tony's life which made it a bit awkward that I didn't know the previous history, although it was doled out now and again within the narrative. There's something about the Sazi series that doesn't quite work for me, and never has. I think it's because I'm never entirely sure what's going on and everyone always seems to be rushing around on hunches which come right. The same is true in this book, with several plot lines which somehow all merge together. Tony Giodone is a wolf and former contract killer. He finds himself strangely linked to the snake Ahmad which means that together they are able to investigate a plot within the snake community. At the same time there are issues with a newly-turned woman who is a badger shifter, Tony's wife Sue seems to be ailing as a result of their bond, and various mafia people seem to have got onto Tony's trail. These disparate threads didn't all work too well for me, particularly as I often wasn't sure what was actually going on. The writing is good, as usual, and there's no hint that it's the work of two different authors. However I didn't find it gripping as I was reading it and also felt that the characters were all rather one-dimensional. Those who like this series know what they're going to get with this book but it's not one I expect to want to read again. Originally published for Curled Up With A Good Book Helen Hancox 2010

Kurzbeschreibung TONY IS BACK Former Mafia hit man Tony Giodone has been through a lot--he's turned into a werewolf, with a human mate and a pack leader tougher than his old Mob boss. And he's developed a powerful psychic ability he can see into the past through other people's memories. Being mated with a human is difficult in more ways than one. Tony and Sue's relationship is full of struggle. Adding to Tony's trouble is a new problem with some old mobster "friends" who also happen to be a cabal of Sazi mass murders trying to extinguish the human race. Only one man might be able to help Tony and the Sazi stop the cabal: Ahmad, the leader of the snakes. He and Tony have a deeper psychic connection than Tony has with anyone else--even his mate! Now Tony is along for the psychic ride of his life as the crown prince of an ancient empire is faced with his deadliest enemy: a woman he once loved, whom he was forced to betray . . . one who may now betray Ahmad, Tony, and all of humanity.
