COLD WHITE FURY IS THE BEST!Von Ein Kundelf you like Koontz or any number of topnotch thrillers, go GET COLD WHITE FURY. It's a really entertaining, fast-paced novel. I'm going to have to hunt down every book Beth Amos writes! She's amazing! I just ordered her other one, EYES OF NIGHT, and someone told me there's one coming out in the fall, too. This is one great writer!James Falmouth0 von 0 Kunden fanden die folgende Rezension hilfreich. ONE

OF THE BEST SUSPENSE NOVELS THERE IS! Von Brad Hanes (jbhanes@bellsouth.net) I first read this book when I was a senior in high school. Since then I have read it three more times. It's just a great book and Beth Amos has a way of drawing you in to the story. Her other books, EYES OF NIGHT and SECOND SIGHT are also great novels. She has definitely become my favorite author.

Kurzbeschreibung A freak accident. A tiny, unnoticed fragment of metal is embedded in an infant's brain. Eight years later the bizarre is triggered, a phenomenon that goes undetected by medical personnel, but which may save America from a sinister conspiracy. Widowed Jennifer Bolton is desperate to deny the strange voices that her young son Tanner has started hearing. But when their home is ransacked and their lives threatened by fearful, unseen forces, Jennifer decides to flee. What she is about to discover is that the fate of millions hangs on the strange, paranormal gifts of her innocent son. How he will use them is now left up to the two of them...if only they can survive.
