Not a fighters book!Von Customer~\*\*~ 4.5 Best-Kind-Of-Different Stars ~\*\*~First things first: I absolutely L-O-V-E this book! It's something different than all the other works I read by Jay McLean until now. But it's an unbelievable good

different. What I loved most about this book is the relationship between Kyler and Jaxon! These two aren't brothers by blood. They are so much more than that. I love it that in Jay's books family are a big part of the story and this one is no exception. Usually I'm not a fan of male POVs OR flashbacks but Jay McLean made me fall in love with both of them in this book. The flashbacks were amazing and full with emotions and made me fall in love with Kyler and Jaxon and their relationship. And about the male POV....I didn't even realize that it was mostly written in a male POV...it was just that GOOD! Combative is full of mysteries and one of the biggest mystery is Maddie/Madison the female MC. I think it could be difficult for people to connect with her. Maybe some people will think of her as annoying sometimes because she is kind of weird. There is a quote in this book that describes her perfectly for me...Maddie is imperfectly perfect. She didn't annoy me one second! I have to take away 0.5 stars because I had a hard time getting into the book at the beginning but as soon as Maddy appeared I was into it! The end will leave you breathless and speechless...and with questions. And you'll just think: WHAT THE HELL? HOW LONG DO I HAVE TO WAIT FOR THE NEXT BOOK?! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Maddie und Ky Von Minelli Man kann nicht viel über den Inhalt schreiben ohne zuviel zu verraten. Was man allerdings sagen kann ist, dass, obwohl es so aussieht, als wäre es ein Buch über Kämpfer bzw. Kämpfe spielt das nur im Hintergrund eine Rolle. Zum Ende muss ich sagen, die eine Sache hatte ich mir gedacht, die andere Sache mit dem Hoodie-Mädchen hätte man sich denken können. Naja, jedenfalls werde ich auf jeden Fall das nächste Buch lesen. Dann kann ich auch mehr über Leseempfehlung oder so sagen.

**Kurzbeschreibung** We all play victims to our pasts; to the choices we make and the lives we create. They define who we are. And sometimes if we're lucky enough, the past stays where it belongs: in the past. I'm not one of the lucky ones. I never have been. Because now the past is knocking on my door, offering deals I have no choice but to take deals that will help bring justice not just for me, but for my brothers. The problem? The deal is a ticking time bomb. One I didn't know existed. Tick. Tock.
