Von Emlyn Rees, Josie Lloyd : Come Again before purchasing it in order to gage whether or not it would be worth my time, and all praised Come Again:

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. Ein tolles Buch zum Relaxen!Von Ein KundeDas Konzept dieses Buch finde ich richtig witzig: eine Frau und ein Mann schildern aus ihrer Sicht den Beginn und den weiteren Verlauf einer Liebesgeschichte und der Leser kann beide Seiten paralell mitverfolgen....und da tun sich wirklich Welten auf! Wie analysiert ein Mann die CD Sammlung einer Frau

und welche Musik verleitet ihn zur Flucht? uerst interessant fr Mnner hingegen knnten die Listen mit den stendsten Eigenschaften derselben sein. Ein uerst amsantes Buch, das ich wirklich empfehlen kann. Es bewegt einen sogar dazu, sich als Frau (nachdem man in den mnnlichen Gehirnwindungen gewhlt hat) in den mnnlichen "Helden" einzufhlen und ihn zu verstehen (!!!). Wer "High fidelity" liebt, dem wird dieses Buch gefallen.0 von 0 Kunden fanden die folgende Rezension hilfreich. good readVon Pulpfiction99I read the first book written by these two and liked the way it was written. he writes the boy parts and she writes the girl parts and it all fits perfektly together. in the first book I really enjoyed reading the boy side of the story as it gave me some ideas how men think. in this book there is not so much new stuff that gave me something to think about.to read this book it might be better to read their first book 'come together' first. you can read this if you haven't read the first book but it might help.in the first book there are amy and jack who the story is about. in this book it is about their friends and what happens in the run up to a wedding. will the matchmaking work out? read this book and find out. up until the middle of the book I thought I knew what was going to happen, but I was wrong. well done for putting a twist in to the story.

KurzbeschreibungFriends. You can't live with them - and you can't live without them. Or so Matt is discovering. His best mate is getting married, leaving him high and dry. No flat-mate - and no girlfriend. Then he remembers Helen (H to her friends). H has no life outside her brilliant career - and all her best friend Amy wants to talk about his her wedding. Which suits Stringer, because catering the wedding is his first real chance to prove himself. The last thing he needs is to fall for one of the bride's friends, Susie, particularly because she's sworn off men while she sorts out her life ...Friendship, commitment, work, lust and loyalty all come under the spotlight as Matt, H, Stringer and Susie hurtle towards the big day..deJosie Lloyd and Emlyn Rees hit upon a winning formula with their first joint novel Come Together, billed as a unique opportunity to view a heterosexual couple's relationship from both sides. Now they consummate this success in this sequel, Come Again, a tale of four troubled twentysomethings: two trapped by success, two by failure. Amy and Jack's relationship comes to a head when they decide to get married. They take a back seat as four of their friends plan their wedding for them, whilst in turn attempt to build relationships of their own. Helen, or H as her friends call her, has such a happening job that she has no time for anything else. Matt has the same problem, so perhaps the two should get together... Former coke-snorter Stringer has moved back in with his mum while he sorts his head out. And saucy Susie cannot keep her legs shut. Fans of Lloyd and Rees will gain satisfaction from this re-entry into Amy and Jack's sassy shenanigans. If you like Friends and Four Weddings and a Funeral, this will hit the right spot. --Daren King.Pressestimmen"Brilliantly written and wittily observed." --Express"Endearing and addictive." --HeatFrom the Trade Paperback edition.
