of making you feel as though you are right there with the characters during the entire story. I hated to put this one down. I finished it in 3 hours. Ms. Skye makes you think of how it would feel should your lover lose his memory at the very beginning of the story. She then proceeds to take you through the feelings of how it is to be in love and not to have that love returned. She shows you how it is to feel betrayed and to feel very much loved. This is one of the best romances I've ever read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Its spellbinding narration simply stole my breath away! Von R. Wong This is my first time reading Christina Skye's novels and I loved every page of her story telling! Which is the reason why I'm at this site now - scanning for a list of her other books! I am amazed by the way she weaves romance together with adventure so successfully, that I didn't feel the urge to skip pages. In fact, the plot is refreshingly exciting, and I know it's ironic to say it, but hey, this is one romantic story! What I mean to say is, there are so many romance books out there, and some plots are overly stale. I just love the way Ms Skye brings us thru the story, falling in love with the characters, and actually trying to understand and gasp at what love is about. She deserves 5 Stars, NO LESS!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. An enjoyable book Von Claire Although I much preferred the first book of this series "Come the Night". This book was quite good too. In fact I found myself enjoying it at times. What annoyed me about it though was that I found it confusing at times - due to double identities etc and I was not sure who was who (whether it was Devlyn or his double) and the love story in this book was not up to Ms Skye's usual standard I think. The fact also that the two main characters were married even before the beginning of book also decreased my enjoyment of it considerably. And I'm still not sure whether Devlyn had really lost his memory or not. But all in all this is definitely a worthwhile book to read and also quite enjoyable.

Kurzbeschreibung India, the beautiful and headstrong sister of Come the Night's hero, Luc Delamere, fell in love with the rakish Devlyn Carlisle when they were just children. Innocent love bloomed into deepest passion when they reconnected as adults. But soon after the two are joined in a secret wedding bond, the Napoleonic Wars tear them apart. Then, betrayed by a comrade-in-arms, Devlyn is pronounced dead. India swears to continue her life alone, without the only love she's ever known. But now he's back with the cold eyes of a stranger. Plunged deep into the mystery to discover who betrayed Devlyn, India vows to make the lost earl remember all they once shared, no matter how dangerous to her reputation and her heart.
