Von Adrienne Wilder : Complementary Colors (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Complementary Colors (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. NiceVon AnnaBananaI really like the idea of this book, the story. Paris' flashbacks are interesting and exciting till the end, the story is not simple and very entertaining. Also the character Paris is very complex and weird but still extremely loveable. The paintings / colour are symbolizing the good as well as the bad - you get to think about much while reading.So it is a very good book but there are aspects I did not understand. For example the character Roy is nearly

always the good boy but the reader rarely gets to know his feelings. He stands by Paris but why exactly? Why can't he leave him? Love is easy said but while we get to know how Paris falls in love, Roy seems to love him since he looked at him.. I felt like something is missing. But I don't want to spoil too much. I recommend this book even though the story was not conclusive enough to get 5 stars (in my opinion) because it is still amazing.

Kurzbeschreibung My sister Julia manipulated my life into a prison to keep me silent about our dirty family secret. Her greed made me a slave and circumstance left me with no way to escape. Trapped, the only way I could silence the nightmares driving me to insanity was to wrap them in color, hold them with shadow, and stitch them to negative space with line. But no matter how bright the pigments, no one could see my confession. Except for Roy Callahan. I thought he was just another nameless one-night stand in a long line of many. But I was wrong. Roy could see past the facade of my life and through the veil color over the canvas. He could see what the world couldn't. And with him I'd find the courage to tell the truth about the boy. The boy who kissed me. The boy who loved me. The boy whose name I couldn't remember.
