One-stop source for Poe ...Von BobAtGLPI really enjoy visiting this book from time to time. Just think: all of Poes great short stories and poems in one volume. The down side: the print size in this two-inch thick book is VERY tiny.

So, if you're reading vision is not great, you may want to try a less comprehensive collection. 4 von 4 Kunden fanden die folgende Rezension hilfreich. The Best.. Von Charles Pinney I've been a huge Edgar Allan Poe fan for a long time and believe he's one of the greatest authors ever. While not having this exact edition, I have one similiar. Knowing it contains all his stories and poems, you definitely can't go wrong picking this book up. It'll keep you busy for a long time. Want a tale of mystery, deduction? Flip to "The Gold Bug" or "The Murders in the Rue Morgue". Horror? "The Pit and the Pendulum", "The Masque of the Red Death" and "The Oblong Box" will fit the bill. Imagination? "The Island of the Fay", "The Sphinx". Satire and Hoaxes? "The Devil in the Belfry", "Mystification" and "Loss of Breath" for starters. These few stories are just the tip of the iceberg. Don't forget all his poems, including the classic "The Raven". "Alone" is another of my favorite poems. Poe is a master of storytelling and this book will show it. Highly Recommended.
