**Von K.C. Wells : Confetti, Cake Confessions (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Confetti, Cake Confessions (English Edition):

Kurzbeschreibung Tony Porter and Marc Powell had lived in the same house for the past eight years, since their single parents moved in together. When Tonys mother Marie and Marcs father Dennis decide to tie the knot at last, it should be an occasion of great joy for everyone. Except all Marc can think about is having to spend the next two weeks with the young man hes been in love with since he was sixteen. Tony feels so torn about Marc coming home from college. He keeps telling himself that its wrong to feel this way about him. After all, in two weeks time theyll be related. So when the two young men are thrown together to prepare for the wedding, tensions rise and discoveries are made. Its going to be a very long two weeks, and a wedding that no one will ever forget. Contains descriptions of hot sex between virgins. 18+

ber den Autor und weitere Mitwirkende Born and raised in the north-west of England, K.C. Wells always loved writing. Words were important. Full stop. However, when childhood gave way to adulthood, the writing ceased, as life got in the way. K.C. discovered erotic fiction in 2009, where the purchase of a mnage storyline led to the startling discovery that reading about men in love was damn hot. In 2012, arriving at a really low point in life led to the desperate need to do something creative. An even bigger discovery waited in the wings writing about men in love was even hotter... K.C. now writes full-time and is loving every minute of her new career. The laptop still has no idea of what hit it... it only knows that it wants a rest, please. And it now has to get used to the idea that where K.C goes, it goes.
