KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. crime romance in a neat packageVon PhilologusDon't start this book if you don't have enough time at hand to end in one sitting. It is definitely a page turner with great characters, an awesome story and a very realistic setting. Fortunately there is a sequel and a short story and Jae is rumoured to work on the next sequel! One of my favourite books.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful developed characters and a thrilling storyVon SkippyI was fortunate (!!!) enough to catch a summer flu so I had all the time in the world to read this book without too many interruptions. Dawn and Aiden are two really wonderful developed characters, whose stories of their lives are told in an interesting way. There's a lot of show don't tell, which makes it a special pleasure to read the story. The case, that connects them, was thrilling and Dawn's fears were displayed in a way, that did check if my front door was locked twice (luckily I don't have to worry about my windows) before I could settle down in bed without listening to sounds from outside. The other characters of the story were also written and displayed nicely and I especially enjoyed Lieutenant Del Vasquez, who I secretly called Lieutenant Delicious.I'm glad to see there'll be a sequel, I surely want to know more about Dawn, Aiden and all the others.
