Von Stephan Morse : Continue Online (Part 1, Memories) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Continue Online (Part 1, Memories) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Something differentVon R. TripplerIt is a great fantasy novel! After the first few pages I was hooked and breezed through it in 2 days. Though the main plot is still not clear the development of the protagonist's personality is very interesting and captivating. I am hoping the next book of the series comes out soon. Did I mention I am hooked?

Enjoy.0 von 0 Kunden fanden die folgende Rezension hilfreich. Simply GreatVon KundeThe book every Roleplayer should read!!I can't wait for the next part. I have no idea what may happen next, and that is rare with Stories.

KurzbeschreibungThe future is filled with self-driving cars, virtual realities, chore completing machines, and super fast internet connections. Yet all these technological innovations cannot prevent tragedy. Three years ago Grant Legate lost that which he loved most. His carefully built life fell apart in the wake of depression. Now, Grant spends most days working endless hours as a companion to an AI. Their job is simple, to repair broken machines that humanity uses to visit virtual realities. Unintended hard work pays off after his boss forces Grant to take a vacation and try the latest game craze called Continue Online; a fantasy world with the freedom to play any role one might choose. Inside this new game, he meets a series of AIs that are nothing like what he expected from a video game. Grant starts his journey from a very different perspective, and he is only one part of an AI agenda that will end up impacting all of humanity.

ber den Autor und weitere MitwirkendeStephan Morse was born the year 1983 in San Diego. The next fifteen years were spent slowly escaping California and surviving a public education system. Thus far he's made it to the Seattle (WA) region with little desire to go further. When not trying to shove words together into sentences Stephan spends time reading, catching up on sleep, and otherwise living a mundane life.
