Nice romance *3,5 stars* Von Johanna I don't remember where I read about Nicole Edwards but somehow I got curious and bought one of her numerous books. Even though there were a few points worthy to be improved, I thoroughly enjoyed the read. I really liked the initial characterization of Sam. She is depicted as a tough business woman and a very

successful project manager. Mrs. Edwards has a very detailed style of writing which is sometimes a bit too much. In the beginning, I was even bored with the endless description of one single plot point: a career improvement chance in Dallas. Sam accepts the offer and meets Logan, her new boss. From here on, there is a whole lot of tension between the two. I didn't get the total alpha vibe from Logan but I wasn't too disappointed about it. I mean, we can't fall in love with EVERY male lead, right? He's not a typical Dom, or even one at all, but he has a natural urge to dominate and Sam naturally obliges. And I can tell you girls, that Logan has some very kinky ideas. And this is only the start of the series. The next book, Temptation, belongs to Luke, Logan's twin brother, who is far more crazy and dangerous in his needs. I didn't like how the strong and tough Sam somehow got lost in the course of the story. She becomes insecure and even immature and whiny. Up until the end, I couldn't really understand her actions which made it a bit difficult for me to follow the plot. The detailed writing could have deserved another subplot or something similarly exciting. It basically focuses on the problem that Sam and Logan are having an affair even though she is his subordinate. And of course, the exploration of their relationship, fears and desires. I will definitely read the next book in the series and can recommend this book to all lovers of erotic literature since it has very decent writing and atmospheric romance. 0 von 0 Kunden fanden die folgende Rezension hilfreich. That woman keeps him on his toes it's great! lol I could write a lot about this book...but it's better you read it yourself, next to the cold shower or fridge, because the temperature will be rising high, very high! 0 von 0 Kunden fanden die folgende Rezension hilfreich. conviction Von Mel Nicole really is steaming up my Kindle I love the CD Serie as much as AI and if you don't mind that your e-reader is fogging up a little I highly recommend Club Destiny
