Von K.S. Adkins : Convincing Bet (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Convincing Bet (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Wish I could give it more than 5 Stars!Von AnjaI was lucky enough to beta read this novel shortly before Christmas. Since Im a huge fan of KS, I was honored, not only because I love her writing, but also because this turned into one of the most enthralling novels I have read in a while that left me in what at first seemed to be a permanent state of a book-hangover. Im still not over this amazing novel. Even bringing in the big guns; my favorite books I can read over and over again and usually turn too in a situation like this, didnt help me.Even while writing this review, I was struggling

to put my emotions for this book into words, which was why it took me this long to write a review. I felt unable to accurately describe the vast array of emotions this book evoked in me. There are no words, I am still speechless, which, let me tell you, I'm not very often. However, since I promised, I will give it a try. Bet is a very complex character and with every page I read, I learned new nuances to her personality. In one night, she lost everything she loved and held dear; something that shattered her soul and seemed to be unable to overcome. While on vacation to Mackinac Island, where she was to decide her future, she meets Rio. Even though they both were battling their own demons, they also couldn't help exploring their immense attraction. Since having met Rio in 8 Mile Rion, I knew he was struggling with his own demons and trying to come to terms with the fact that the woman he thinks he's in love with, is with someone else. We also learned early on in the story that Rio and Bets meeting didn't happen by chance, but was a plan orchestrated by an old enemy of Bets. While on the island, both of them struggled with their growing feelings for one another, among other things. Rio was struggling to save Bet from herself; convince her to live, convince her to take a chance on him, while also struggling with the knowledge that he was keeping a secret, a secret that will most likely shatter the trust Bet has in Rio, while Bet was struggling with her decision to end her own life. However, when it all came crashing down around them, it was beautiful to see how strong Bet has become since meeting Rio and how confident, even while my heart was breaking for the both of them. It has been a long time since I read a novel that evoked this many emotions in me. It made me literally laugh out loud, in public (talk about getting weird looks); it made me cry uncontrollably, I was shocked and saddened by what was continuously happening. This story was amazing, even though it kept gutting me. This was one of the best stories I have read in a long time, and definitely made my Top Reads of this year! I cannot emphasize enough how much I loved this book!

Kurzbeschreibung You may not have heard of me, but no worries. Detroit knows me. I'm the old money that new money tries to be. Elite company that you wish you could be in. But if you're ever lucky enough to get to see my life up close, you'd find that what I want more than anything is to be like you. No privileges. No status. No trust funds. The life I have, the same you seek, is costing me and I knew of only one way out. My escape was the reason for my downfall. Death. When I'm finally close to it, I meet the man who attempts the impossible. He tries to convince me to live. She is a job, the final payment for a debt owed. I'm not supposed to want her, but I have to have her. When she offers me money to kill her, I make her a deal instead. Now I've got seven days to change her mind or risk losing her forever. Convincing Bet to live will be the toughest job I've ever had. The payoff will be worth it as long as we both live to see it. Kurzbeschreibung You may not have heard of me, but no worries.
