KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. a "Must Read" Von Jeanne Adamek This isn't really a mystery. If anything it is more a historical crime novel. I found the story superbly written. I have always enjoyed reading Anne Perry's novels. I also love reading historical novels and in this book, Ms. Perry doesn't gloss over the undesirable and unpleasant fact of living in the late 19th century. But what I felt was truly admirable was this story really made me think what medical care was like and how far we have come with our health care now. While I realize that health care has really gotten a whole lot better I never thought about what the COST was... I found this a very well written and thought provoking novel and would heartily recommend it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Corridors of the Night v.
