Von Helen Harper : Corrigan Fire: Bloodfire (Corrigan Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Corrigan Fire: Bloodfire (Corrigan Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great change of perspectiveVon -KundeLoved it to read the story out of Corrigan's perspective. The book is well written and I would recommend it to everyone who has already read the original series.5 von 5 Kunden fanden die folgende Rezension hilfreich. Great Addition to the Blood Destiny" series for fansVon MinaStrictly speaking this is the first

book of the "Blood Destiny" series, "Bloodfire", told from Corrigan's POV. Therefore I don't think it a good idea to actually read the book without the main series, even if it's a story in its own right and sold as part of a "Corrigan" series, instead as part of the "Blood Destiny" series[which I would have found easier for fans and new readers to orient themselves].As a fan of the series, I appreciate to see the events through Corrigan's eyes, especially knowing, what Mack thought about him while experiencing these exact scenes. And it's done really well: Corrigan has his very own voice and getting to know more about his background and his motives adds to "Blood Destiny"'s depth concerning plot, world-building and character development.I also liked that although it's a retelling from another POV, it manages to fill in blanks about what Corrigan did before coming to Cornwall and during his absence. The best thing about it, though, is that the way the development of his feelings towards Mack is shown. How he is firstly interested, then fascinated and at the end can't stop thinking about her. Having read this book makes the relationship I know from "Blood Destiny" much more real and believable.So, if you've read the "Blood Destiny" series and liked it, you'll like "Corrigan Fire" just as well.

Kurzbeschreibung***For a limited time only, you can get this book for FREE. Find out more at <http://helenharper.co.uk>***The Blood Destiny series has sold over 100,000 copies. Now read the novella of the events of Bloodfire from the point of view of the predatory Lord Alpha. Corrigan may have only just started in his role as Head of the Brethren, the de-facto rulers of the country's shifters, but it's already clear he's not going to be in for an easy ride. Between brutal deaths in both Cornwall and London to deal with, alongside a certain curious were-hamster who has far more strength, power and mouth than should be possible, he's got his hands full. He thought his greatest desire was to modernise the shapeshifter world - but that may be starting to change...Get this book for FREE when you subscribe to Helen's newsletter at helenharper.co.uk!Kurzbeschreibung***For a limited time only, you can get this book for FREE.
