**Von Helen Harper : Corrigan Politics: Blood Politics (Corrigan Series Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Corrigan Politics: Blood Politics (Corrigan Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A perfect read for fans of the main seriesVon MinaNote: this is a re-telling of the book Blood Politics of the Blood

Destiny series from another protagonist's POV and not meant to be read as a standalone or without knowledge of the events in the main series. Review For a fan of the Blood Destiny series, this is even a five star read. I loved it. The reason I give it four stars is that if you leave out the fan-aspect, it's not a book in its own right, being a POV re-telling. So the rating is a compromise. Yet, if you like Mac's series, you'll be delighted by Corrigan's view on things. Especially since this is the part where things heat up between Mac and the Brethren's Lord and each of them is on an emotional roller coaster. And if you've read Blood Politics, you know about the awful Otherworlder's meeting where Mac is appointed leader of the council against the necromancer Endor and things go south relationship-wise in a spectacular way. Let's just say to hear Corrigan's voice in that situation is... well, intense. I'm left hanging right now, because I really just want to immediately read on, although [or because] I know what's going to happen next and I really want to experience it through Corrigan's eyes. I know how things looked from Mac's POV and I'm so excited to hear the werecat's voice. But alas, I'll have to wait for that. As with the other Corrigan-books, H. Harper fills in the blanks about the times Corrigan was away from Mac and it adds some more pieces to the overall picture, making it better through it. Really, the combination of the main series and Corrigan's POV really makes for a well-rounded story that I enjoyed very much. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant to see the other side Von NiciBI really enjoyed this book, Corrigan's side to the original story - just brilliant! I hope the next will follow soon! 0 von 0 Kunden fanden die folgende Rezension hilfreich. like the previous books of the series Von M. PalukovaI liked the book a lot, like the previous books of the series. It is easy the read, there are twists and action.

Kurzbeschreibung Between dealing with reports of rogue shifters and untrustworthy Pack Alphas, not to mention negotiating his way into Mack's heart, Corrigan has his hands full. Unfortunately, just when it seems that things might be going his way, there's a new player in town - and he's got death magic at his fingertips. Corrigan Politics is the fourth book in the Corrigan series, re-telling the events of Blood Politics from Lord Corrigan's point of view.
