**Von Helen Harper : Corrigan Rage (Corrigan Series Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Corrigan Rage (Corrigan Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Another entertaining complement to the Blood Destiny series from Corrigan's POV this is for fans!Von MinaNote: This is by no means a standalone novel, actually the Corrigan-books aren't even a standalone series, but the main series Blood

Destiny told from another character's [aka the love interest] POV. I really really wouldn't recommend reading it without knowledge of the original series. Review If you've read the Blood Destiny series you know that in the corresponding book from Mack's POV, her true nature is finally revealed in a spectacular way. And this scene alone, seen through Corrigan's eyes, made me nearly rush through the story. But as with the prior books, H. Harper took care to make this more than a mere re-telling, but really Corrigan's experiences during the time of the main book Bloodrage. So again there are gaps closed and blanks filled in with what happened in Corrigan's life while Mack was with the mages. Since Corrigan is the Lord Alpha of the British shifters, he isn't suffering from boredom in any way and has again to deal with the disgusting vampires and droll and glory-hunting craws. Although I have to admit that of course I read the Corrigan books because of his thoughts on the stuff that happen in Bloodrage. And for that purpose alone, the book is great entertainment, even if it really stand solely on its own. Fans will surely like the book a lot.

Kurzbeschreibung Mack is, in theory, safely tucked away at the mages' academy. All seems calm amongst the Brethren. Taking advantage of the relative peace, Corrigan returns to his work on various initiatives for modernising the shifter world. Unfortunately when that work includes breaking into the Tower of London to steal back an ancient shapeshifter seal, he may be biting off more than he can chew. And that's nothing compared to what happens when Mack engages in a little thievery of her own... Corrigan Rage is the third book in the Corrigan series, re-telling the events of Blood Destiny in the Lord Alpha's words.
