**Von Brandt Legg : Cosega Search (The Cosega Sequence Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cosega Search (The Cosega Sequence Book 1) (English Edition):

A brilliant bookVon CustomerBook 1 I couldn't put down, the same with book 2 and now I'm well into book 3. It is extremely well written, the dialogue is authentic, and the stories on the whole are well thought out but I can only hope

that he has included considerable poetic licence as far as various agencies are concerned. Frightening to think it could be otherwise. On the whole an excellent read and I look forward to reading more from Mr. Legg. P.S. I read thousands of books a year, and rarely does one prompt me to write something like this. Oh yes, I couldn't fault him on his grammar either!

Der Plot ist stringent, die handelnden Personen i.d.R. glaubwrdig und die Dialoge passen sich adquat in die Handlung ein bzw. treiben sie voran. Ein paar bugs sind da und stren gewaltig: Unter logischer Betrachtung sind einige Handlungen der Hauptdarsteller unglaublich: sie werden verfolgt, aber ndern ihre Erscheinung nicht; weder werden die Haare gefrbt noch der Haarschnitt verndert, noch der Dress-Code. Ein Helikopter ist zur Verfugung, aber es wird eine Verfolgung mit ffentlichen Verkehrsmitteln inszeniert, um dann den Heli endlich auf dem dach eine Hotels landen zu lassen, wo es richtig krachen gelassen wird... Das ist unglaublich bei der Intelligenz und dem Hintergrund (z.B. Investigativer Journalismus, hochgebildeter UND alltagstauglicher Archologe, gewiefter und cooler Business-Tycoon) der Protagonisten. rgerlich ist die glatte und vorhersehbare Intention des Schreibers. Die Story geht weiter und weiter, am Ende des ersten Bandes ist ein auch wrtlich zu lesender Cliffhanger... es geht hier um Umsatz und Profit. Da ntzt auch die esoterisch oder spirituell angehauchte Grundgeschichte nicht. Das "Jesus-Video" war weitaus originrer und authentischer zu lesen. Letztendlich liest sich das Buch dann auch wie Sakrileg: diese Vorlage lugt aus fast jedem Knopfloch der Cosega-Story. Auch wenn das Buch sich leichtgngig liest (wenn man auf Action steht), auch wenn die Anleihen gngiger Thriller routiniert eingearbeitet sind und den Spannungsbogen deahalb aufrecht erhalten: Das Buch ist in der Handlung vorhersehbar, die Chraktere bleiben flach und (werden flacher obwohl mit etwas mystifizierter Authentik-Soe ummantelt) und die Moral von der Geschicht' ist beliebig. Das Bemhen, eine Drehbuch-Vorlage fr einen RTL-User geeigneten Dreh hinzubekommen (bezogen auf D/A/CH) ist nicht zu bersehen. Und der auf bescheiden gestrickte Hinweis des Autors, dass wir "indie-authors" auf jede posive Bewertung angewiesen sind, um mehr zu verkaufen, ist fr einen Multimillionr (etc. pp siehe CV von Brandt Legg) schon ziemlich schleimig. Also doch nur 2 Sterne von mir.

I admit, I thought it would be the other one, because I liked that cover more, but now I'm having a really hard time choosing after reading both. I'm leaning toward reading this series first and then the other one, but both stories were SO good. It's worth noting, I don't usually enjoy male POV novels, there are a few exceptions, but this is one of them! One of my favorite things about Legg's novels, in my experience so far, is his ability to pack so much story and so much emotion into so few words. This is due to his ability to really layer his meaning and infuse mood into what he rights so that things do not need to each be expressed separately. The result is a fast-paced, intricate, robust story with well-rounded character. Full of action and suspense, this novel was impossible for me to put down. I have to say, I was truly surprised. Looking forward to more from this author!
