Not to spoil the outcome of the series for readers, suffice to say this book carries on from the knife-edge, suspenseful end of Cosega 2, with Rip's

indefatigable resolve to unearth the full truth behind his discoveries and revelations concerning the Cosega Sequence, however cataclysmic, with himself in turn pursued by FBI and Vatican agents, the latter institution fearful of the hornets' nest that is being disturbed. All the threads (dramatic and romantic) of the story are brought expertly together, with action-filled episode after action-filled episode, and characters we have met in the earlier books, such as Senator Monroe and the enigmatic Gale Asher, twisting and turning in terms of our perception of their loyalty and role in the thrilling climax to an imaginative and hauntingly authentic work. Hold on tight to this dangerous and mysterious world - 5\*\*\*\*\*Von Peter MartinCosega Shift (The Cosega Sequence Book 3)Yet another breathtaking book in the Cosega series from the visionary Legg. It has been a true pleasure to delve into this authors books and the Cosega Shift is certainly no exception.A technologically advanced age is shown to have existed on Earth before humans, which sort of reminded me of an esoteric form of Egyptology - pure brilliance when combined with the fantastic plot-line. Elements of this novel and Legg's other works show the pure genius of this writer an his ability to create fantastic, adventurous and a dynamic tales.The writing is very well executed, characters strong and reading this book will leave you with a feeling you will never forget.Hold on tight to this dangerous and mysterious world - 5\*\*\*\*\*0 von 0 Kunden fanden die folgende Rezension hilfreich. AmazingVon Christoph Fischer"Cosega Shift" by Brandt Legg is the conclusion to this thrilling conspiracy story that starts with an unusual archaeological find that threatens to rewrite human history and believes.In this final instalment the enormous repercussion for human kind become clearer and are explained with some new and some known elements of new age theory.The action and suspense allow more space for the bigger picture in this novel and take the series to a different and higher level and to a fantastic conclusion.The series is a gripping ride with a thoughtful plot, excellent characters and amazing, underlying themes.Hugely enjoyable, thought provoking and breath taking.

KurzbeschreibungCosega Shift, the thrilling third volume of the four-book Cosega Sequence, begins with an unexpected twist that forces Gaines to question, who is the real enemy? Close to cracking the meaning of the Cosega Sequence, he has gone beyond proving that modern humans did not create Earths first technologically advanced civilization. The Eysen has revealed secrets that exceed the most fantastical imaginings. But the combination of knowledge and destiny are dangerous.As the worlds strongest powers move in on him, Gaines learns his enemies are nearer than his friends. They will do anything to obtain the Eysen and silence him. With time running out, the lost Clastier Papers may hold the key. Who were the Cosegans? What did they want us to see? And, what did they need us to know?Destroy enough of the past . . . you may just dictate the future.KurzbeschreibungCosega Shift, the thrilling third volume of the four-book Cosega Sequence, begins with an unexpected twist that forces Gaines to question, who is the real enemy?
