Daughters of Erin, Book One Von Detra Fitch Set mainly in Kildare, Ireland. When they were children, lady Elizabeth "Eliza" Blacknall and William "Will" Denton were often together. They had been close friends. But in the year 1790, Will purchased his commission in an English regiment and went to England, leaving fifteen-year-old Eliza behind in Kildare. Seven years have now passed. Eliza is now a widow, Lady Mount Clare. The young Irish countess is still the vibrant, intelligent, and independent lady that Will recalls so well. Will has returned, as an English soldier, to crush the Irish uprising. And it seems that Eliza is in the middle of it all. The last thing he wants is to see her neck in a noose when Lord Lieutenant Camden and his generals unleash their forces. All too soon Ireland is embroiled in bloody conflicts. Will's regiment is ordered to the front lines. Will worries not only about Eliza, but his mother too. Battle lines become blurred and Will must choose between all he cares for and his honor and duty to the king. **** FOUR STARS! I found this story to have a deep and serious plot, very political. But the romance between Eliza and Will came across to me as unbelievable in the early parts of the tale. After all, early in the story Will admits to Eliza that he is determined to climb high in the English ranks and about how he believes in the Crown. He seemed to truly believe in his English duty. So I found it difficult to accept that he would put it all on the line for a lady from his past, no matter how close they had been. Otherwise, this story is intense, with action and high drama. I proudly recommend it to all fans of Historical Romances, as well as to fans of History. It is MORE than clear to me that the author has done her research and understands this era very well. BRAVA! **** Reviewed by Detra Fitch of Huntress Reviews.
