Von Melanie Jackson : Courier: A Supernatural Romance (Wildside Series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Courier: A Supernatural Romance (Wildside Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. They're back and "goblin" the Big Easy!Von Deborah MacgillivrayMelanie Jackson gives us a third Goblin tale of the Lutine

Empire, where Goblin escapees from France (figures ;-)) that's where the troublemakers came from!) are slowly taking over the US. "Traveler" and "The Outsiders" took the romance/paranormal genre by storm, because it's being so fresh and original a concept. Blending mythology with her "Wildside" alternative world, these tales are funny, breathtaking adventures, that are wickedly sexy. In "Traveler", the Goblins were in rule of Detroit, but then, no one really missed Detroit, so the Lutine threat was not taken seriously. But then they moved in on Las Vegas in "The Outsider", and people started to get grumpy. Only now, they have taken hold of the Big Easy. Oh, my! What will happen to Mardi; are the Crewes loaded with Goblins in drag? And what about a "Poor Boy" ...are the ingredients still oysters? Will Preservation Hall still play Dixieland? Are Al Hirt and Pete Fountain really goblins? Well, Melanie is not content with have King Quede a Goblin king rule New Orleans...this Goblin is also a vampire! Where is Peter Cushing when you need him! Worse, Half-Sylph Lyris has been given evidence to prove Quede and the Goblins were behind the Kennedy Assassination and the Lyndon Johnson was replaced with a goblin replicant, which means the Goblins had been in the White House for ages! Lyris cannot let this go, and must travel to New Orleans to beard the orchid-crazy Vampire-Goblin on his home turf. Romeo Hart has been sent to New Orleans to suss out how bad the Goblin infestation is, and works as a stripper at a French Quarter bar, to keep an eye on the situation. Lyris team up with Romeo to lure Quede out into open and it's a sultry goblin chase all the way! Romeo and Lyris are another pair of Melanie's vivid creations, and will keep you turning page after page, unable to put the book down. Look for the fourth in the Goblin series come September called "STILL LIFE". Keep them coming!! They are a breath of fresh air and a loving tribute to ancient lore!

Her only contact while investigating is the stripclub dancer Romeo. Lyris is a cross-bred fey, as well as Romeo, who is working undercover to find out more about the Lutins. But when those two start to really dig in deep, they come up with a lot more than they hoped to find. Suddenly there is danger all around them, no way out of the city, no way in. And there are creatures roaming the place that make the Goblins look like pets. And while the two of them fight against the darkness, they find the most strength in each other - the bright light of love in the darkest place.** The third part in the 'Goblins' series. Now I am addicted completely. In this story, the magic that forces the feys together is a bit less dominant. That is a good thing, we understood the intention after the second story. But it's so cool to hear about the characters of the first two books again. This story is full of action, twisted angels and some rather new ideas. Absolutely worth your time, the story is improving and the universe is getting denser and filled with life and history. - Oh - and the interview is nice, too.

Kurzbeschreibung The third book in Melanie Jackson's Wildside Series. "Melanie Jackson is a talent to watch." -- WritersWrite.com Lyris knew all about goblins. She had spent much of her adult life trying to prove one was behind the assassination of JFK. But was Quede the biggest threat in New Orleans, this strange monarch who owned the plantation Toujours Perdrix? Or was the biggest threat Romeo Hart, the fey who laughed at death and quickened Lyris' blood? This courier mission was trouble. No question; Lyris was in danger of losing her life, her soul, or her heart-- and by the time she discovered which, it would be too late. If you are a fan of Laruel K. Hamilton you are going to love the sizzling romance and ghoulish thrills of Outsiders. EDITORIAL REVIEWS "Innovative and erotic!" -- Christine Feehan, New York Times Bestselling Author "An alternate universe that can match Laurel K. Hamilton." -- Everything Romantic "An excellent combination of fantasy and romance." -- Romantic Times "Sizzling romance and ghoulish thrills at a breathtaking clip." -- Publishers Weekly ABOUT THE AUTHOR Melanie Jackson is the award-winning author of more than fifty novels, novellas and poems published in various languages. She lives with her writer husband, her bossy cat and spoiled dog in the Sierra foothills where it is almost impossible to grow pumpkins (or anything else the deer like). Besides gardening, she is involved with animal charities. Three times nominated for RT's Readers' Choice Award. Twice nominated for RT's Lifetime Achievement Award. *** If you're looking for other books in the Wildside Series, simply search for "Wildside Melanie Jackson".
