**Von Dean Crawford : Covenant: A gripping, high-concept, high-octane thriller (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Covenant: A gripping, high-concept, high-octane thriller (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Eine

sehr konventionell gestrickte Story (zweieinhalb Sterne) Von dieleseratz Das Erstlingswerk des Autors - und die Ausgangslage der Geschichte klingt sehr spannend: Konfliktsituation in Israel, der Fund einer 7000 jhrigen, nichtmenschlichen Leiche, drei mysterise Tote in den USA, eine verschwundene Archologin. Was htte man daraus machen knnen. Aber leider vermengt der Autor alles mit vielen Klischees und altbekannten Protagonisten: Die junge hbsche ehrgeizig Polizistin, der traumatisierte Kriegsveteran, der fanatische amerikanische Prediger... Und so entwickelt sich das ganze Story nach Hollywoodmanier, mit wenig berraschenden Momenten. Viele Klischees, Stereotype, hlzerne Dialoge. Wrde mich nicht wundern, wenn man diese Geschichte in Hollywood verfilmen wrde. Fazit: 08/15 Story mit bekannten und bewhrten Zutaten, leider wenig berraschend. Bedingt lesenswert.

Kurzbeschreibung 'Get the cameras rolling - Indiana Jones meets Alien. What a combination of mystery, suspense, and unspeakable horror. I loved it!' --R.L. Stine Humanity has always believed it is the only intelligent species of life in the universe. But while excavating in Israel, an archaeologist unearths a tomb that has remained hidden for 7,000 years. Inside lies a secret of such magnitude that the story of mankind is instantly rewritten - and its future thrown into terrible danger. Only one man can piece history back together again. Only one man will risk everything to prevent a catastrophe that could tear the world apart. That man is Ethan Warner. 'Earth-shattering intrigue, hyperdrive action and a desperate race to save humanity, cranked up to the max with scarily realistic science and apocalyptic religion thrown in for good measure . . . a major new talent has hit the mystery thriller scene' Scott Mariani, bestselling author of The Lost Relic 'The fossilised remains of a 7,000-year-old creature dug from the sands of the Negev Desert in Israel become the bones of contention in Dean Crawford's fast-paced debut thriller... The book neatly threads together a wild variety of plotlines' Wall Street Journal `Partly mythical read, part thriller this pacy tale is a page turner guaranteed to keep you up late' Sun Pressestimmen "With scarily realistic science, earth-shattering intrigue and hyperdrive action, "Covenant" marks the launch of a major new talent in the thriller world." --Scott Mariani, author of "The Mozart Conspiracy" Pressestimmen.
