KundenrezensionenHilfreichste Kundenrezensionen47 von 49 Kunden fanden die folgende Rezension hilfreich. Outstanding!Von Detra FitchFew people visit Trail Stop, Idaho. Usually only rock climbers or people wanting to get

away from big city life for awhile. This is where young Cate Nightingale settled down with her twin four-year-old boys and runs a very small BB. There are not many rooms, but since Trail Stop is like a dead end (there is nothing beyond the city but road-less mountains) the rooms are never all filled. Everybody knows everybody in the area, mostly by necessity since the closest mailbox is ten miles away and a trip to the grocery store is an hour, each way. The cost of living is low. Neighbors help out neighbors. Everyone feels safe and secure. Danger oozes into town when Mr. Layton checks into the BB. Nothing seems out of whack until the man disappears one morning via his window, leaving his personal items behind. Cate gets worried and reports the disappearance to the nearest law enforcement agency; however, since he did not skip out on his bill, there has not been a crime committed. Only a few days later, two strangers invade Cate's BB, demanding that Mr. Layton's possessions be turned over. To Cate's shock, Calvin Harris, a local handyman, saves the day. But the strangers only leave to enlist the aid of mercs-for-hire. Soon Trail Stop is cut off from the rest of the world and the entire community is held hostage. No one outside town has any idea that anything is wrong. There is no cellular service, no land lines working, and the bridge has been blown up. It would be a week or more before the outside world can reach them. The invaders are confident that the locals will hand over what they want long before then. Calvin Harris may be known as the local handyman in Trail Stop, but he is a retired Marine. The local guide for rock climbers and hikers is Joshua Creed, who is Cal's former commander. Even eight years out of the Corps, these Force Recon men know how to deal with terrorists. And unknown to the invaders, the locals are used to taking care of matters themselves since law enforcement is so far away. Everyone has weapons and knows how to use them. The strangers want Cate, believing she has something they want. But Cate is part of Trail Stop, and they protect their own!\*\*\*\*\* A modern day thriller that only Linda Howard has the talent to create! There is romance, but only one or two small love scenes (just as any good book or movie has). The story is filled with action and drama. I refused to stop reading for anything, even dinner. Highly recommended! \*\*\*\*\*0 von 0 Kunden fanden die folgende Rezension hilfreich. ein spannendes und lebendiges Buch Von leseratte In der Kleinstadt Trail Stop in Idaho betreibt die junge Witwe und Mutter von Zwillingen Cate Nightingale ein BB. Als eines Tages ein Gast spurlos verschwindet und 2 bewaffnete Manner auftauchen und die Herausgabe des zurckgelassenen Gepcks verlangen, ist es mit dem beschaulichen Leben vorbei. Nur das beherzte Eingreifen des Handwerkers und Mann fr alle anfallenden Reparaturen Calvin Harris ist es zu verdanken, da niemand verletzt wird. Kurze Zeit darauf wird das ganze Dorf praktisch als Geisel und unter Beschue genommen. Das Buch ist spannend geschrieben und auch die Personen haben mir gut gefallen. Cate hlt alle Manner auf Abstand nach dem Tod ihres Mannes und merkt nicht, da Cal schon seit Jahren in sie verliebt ist. Ganz im Gegensatz zu den Dorfbewohnern, die alle Bescheid wissen und versuchen, de, schchternen und oft errtenden Cal zu helfen. Auch die Nebenfiguren werden gut und lebendig beschrieben. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Aus der Geschichte... Von Kathy R. htte man bestimmt mehr machen knnen... allerdings sind viele Dinge doch sehr fraglich. Warum die beiden Profis sich so dumm anstellen und ihre Grnde das ganze Dorf von der Aussenwelt abzuschneiden sind doch sehr an den Haaren herbeigezogen und m. E. wrde sich ein Profi-Killer, der schon lange im Geschft ist, nicht so was einfallen lassen. Auch hier wieder ein Ex-Marine, der Super-Hero, im Schafspelz. ... Wiederholt sich relativ hufig bei Howard, wenn man ein paar ihrer Bcher hintereinander liest. Ich sollte wohl mal wieder etwas anderes lesen...

Kurzbeschreibung Cate Nightingale owns and operates a struggling guest house in a small community; occasionally enlisting the help of Cal Harris, the shy, enigmatic local handyman. To Cate's shock, Cal proves much bolder than expected when a trio of thugs invades her home, demanding the possessions of a guest who vanished some days before. Though Cal manages to run off the intruders, the men soon regroup and shut down phone access in the village, holding its citizens hostage. In a desperate bid for survival, Cate and Cal strike out on their own, determined to solicit help from a neighbouring town. But as Cate witnesses Cal's astonishing evolution from reticent carpenter to fearless protector, she begins to wonder if there is more to Cal than meets the eye Pressestimmen "You can always count on three things with a Linda Howard book: suspense that'll keep you on the edge of your seat; an alpha male hero to die for; and super-steamy sex."
