Von G.K. Moore : Covert: A Chicago Angels Novel (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Covert: A Chicago Angels Novel (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. can't wait for the second book!Von BabyKeepTalkinI kindly recieved an arc in exchange for an honest review.5 stars for this amazing read.He had sent her away. Told her not to call him unless it was a matter of life and death. Its been quite literally a matter of life and death. Alessandro, former safe haven, only friend and love of her life, was the only one

she could ask for help after shooting the man in her apartment in self-defense. Now well respected mob-boss was quite shocked when he received a phone call after six years being told that the women who he had sent away to protect got almost killed. So many questions came up. Who was this guy? Who had sent him? Why her? But Alex could solve all of this later. He needed to make sure she was okay. He needed to see her. He needed to protect her. Olivia had a new identity, a life not associated with his last name, a life with friends doing the things she loved, a life she finally accepted the fact that she wouldnt see him ever again. Paths crossed, sparks flew, old feelings surfaced. But with the last one came old memories also. Them having an affair, them wanting a future together, them becoming exactly the person they never wanted to be. She couldnt do it, she wouldnt do it. Not all over again. But could she stay away from him? Could she leave again? Especially now considering that she was the sole target in between a deathly mob-war. What can I say? I love me some mafia princes. Covert was really a story I very much enjoyed. Not only was the plot great but the characters were awesome as well. I loved how I got sucked into the story from the first page and couldnt put it down. I read it in one sitting and couldnt believe it was over that fast already. I cant wait to read the next book due to the cliffhanger at the end. Covert is a second-chance-love story which just from the flashbacks kept you rooting for them to give it another go. They were just teenagers. Madly in love. Separated due to the responsibilities he had to take over. Present day was just as great as well but I caught myself looking forward to yet another flashback. The dual PoV was something that made me love the book even more. Their relationship and the way the book ended broke my heart. I loved it. Im definitely going to pick up the second book as soon as possible and yeah. I absolutely recommend it. Happy reading.

Kurzbeschreibung Alessandro is the unwilling heir of a Chicago crime family. Intent on leaving the life set out for him, he decides to run as fast and as far away as possible. His plans crumble when one girl crash lands in his life. He should hate the daughter of his fathers mistress, but its near impossible when he finds that they are alike in more ways than one. Olivia grew up watching men walk in and out of her mothers life. When one man finally decides to stay, she learns that crime lords dont leave until someones dead. Olivias salvation comes from the person she least expects: his son. Six years later, Olivia and Alessandro are reunited when her life is threatened. If time has proven one thing, its that repeating their parents mistakes seems inevitable. In a world where friendship is a luxury and love a death sentence, two unlikely lovers find each other only to be separated by their cruel reality.
